

PERENNIAL VARIETIES FOR 2006

ACANTHUS (Bear's Breech)

mollis

NEW	<i>mollis</i>	○ ☞	36-48"	White	Jul - Aug	Distinctive, glossy foliage with white flowers and purple bracts. Winter protection/mulching is beneficial.
------------	---------------	-----	--------	-------	-----------	---

ACHILLEA (Milfoil, Yarrow)

filipendulina

NEW	'Gold Coin Dwarf'	○ ☞	12-24"	Yellow	Jun - Aug	Flat-topped clusters of golden-yellow. Compact and non-spreading habit.
------------	-------------------	-----	--------	--------	-----------	---

Hybrid

	'Moonshine'	○ ☞	12-24"	Yellow	Jun - Sep	Excellent cut flower with sulphur-yellow flower heads.
--	-------------	-----	--------	--------	-----------	--

millefolium

	'Paprika'	○ ☞	12-24"	Red	Jul - Aug	Cherry-red heads with yellow centers that fade to pink as they mature.
--	-----------	-----	--------	-----	-----------	--

	'Summer Pastels'	○ ☞	12-24"	Mix	Jun - Aug	Pastel shades of pink, rose, salmon, white or yellow.
--	------------------	-----	--------	-----	-----------	---

ACONITUM (Helmet Flower, Monkshood, Turk's Cap)

cammarum

	'Bicolor'	☞ ☝	36-48"	White	Jul - Sep	Resembling Delphinium, with white flowers striped in blue.
--	-----------	-----	--------	-------	-----------	--

napellus

	<i>napellus</i>	☞ ☝	24-36"	Blue	Aug - Sep	Dark blue flowers atop dark green glossy foliage.
--	-----------------	-----	--------	------	-----------	---

ACTINIDIA (Kiwi Vine)

kolomikta

	'Arctic Beauty'	○ ☞	Climber	White	May - Jun	Variegated white and green foliage when mature. Occasional yellow gooseberry-like fruit.
--	-----------------	-----	---------	-------	-----------	--

ADENOPHORA (Ladybells)

lilifolia

	<i>lilifolia</i>	○ ☞	12-24"	Blue	Jul - Aug	Fragrant, Campanula-like flowers in light blue.
--	------------------	-----	--------	------	-----------	---

AEGOPODIUM (Bishop's Weed, Ground Elder, Goutweed, Snow-on-the-Mountain)

podagraria

	'Variegatum'	○ ☞ ☝	0-12"	White	May - Jun	Showy variegated foliage. Very vigorous groundcover.
--	--------------	-------	-------	-------	-----------	--

AGASTACHE (Anise Hyssop)

cana (Hummingbird Hyssop)

	'Sinning' PPAF (Sonoran Sunset)	○ ☞	12-24"	Pink	Jul - Sep	Pink to lavender spikes on compact foliage. Winter hardiness is suspect, keep protected if possible.
--	---------------------------------	-----	--------	------	-----------	--

Hybrid

NEW	'Black Adder'	○ ☞	24-36"	Purple	Jun - Sep	Deeper color than most Agastache, with violet-purple spikes. Long-blooming.
------------	---------------	-----	--------	--------	-----------	---

	'Blue Fortune'	○ ☞	36-48"	Blue	Jun - Sep	Cornflower-blue spikes on fragrant foliage. Long-blooming.
--	----------------	-----	--------	------	-----------	--

rupestris (Rock Anise Hyssop)

	<i>rupestris</i>	○ ☞	12-24"	Orange	Jun - Sep	Rosy-orange flowers and grayish foliage. Shrubby habit. Benefits from good drainage and winter protection/mulching.
--	------------------	-----	--------	--------	-----------	---

urticifolia (Dwarf Hyssop)

	<i>urticifolia</i>	○ ☞	24-36"	Blue	Jun - Sep	Cornflower-blue spikes above fragrant minty foliage. Compact.
--	--------------------	-----	--------	------	-----------	---

AJUGA (Bugleweed)

Hybrid

	'Chocolate Chip'	○ ☞ ☝	0-12"	Blue	Apr - Jun	One of the nicer Ajuga varieties. Small, oval leaves that are chocolate-brown in color. Compact grower.
--	------------------	-------	-------	------	-----------	---

reptans

	'Bronze Beauty'	○ ☞ ☝	0-12"	Blue	May - Jun	Metallic, shiny bronze foliage. Can be aggressive.
--	-----------------	-------	-------	------	-----------	--

	'Burgundy Glow'	○ ☞ ☝	0-12"	Blue	May - Jun	Attractive green, white and dark pink foliage. Keep well drained.
--	-----------------	-------	-------	------	-----------	---

	'Catlin's Giant'	○ ☞ ☝	0-12"	Blue	May - Jun	One of the largest-leaved bronzed Ajuga. An excellent contrast plant.
--	------------------	-------	-------	------	-----------	---

	'Mahogany'	○ ☞ ☝	0-12"	Blue	May - Jun	One of the deepest colored Ajugas, with deep purple to black leaves. Blue flower spikes.
--	------------	-------	-------	------	-----------	--

AKEBIA (Chocolate Vine, Fiveleaf)

quinata

	'Fruitful Combo'	○ ☞	Climber	Mix	May - Jun	A. <i>quinata</i> and A. <i>quinata</i> 'Alba' are combined in a single pot to give both burgundy-purple and white flowers, along with pollination to produce fruit.
--	------------------	-----	---------	-----	-----------	--

	<i>quinata</i>	○ ☞	Climber	Mix	May - Jun	Reddish-purple or white blossoms found on attractive twining foliage.
--	----------------	-----	---------	-----	-----------	---

☞ = tolerates partial shade

☝ = tolerates shade

ALCEA (Hollyhock)

rosea

	'Nigra'	○ ☞	48"-Higher	Red	Jul - Aug	Very unique, single deep reddish-maroon blooms.
	'Powderpuffs Mix'	○ ☞	48"-Higher	Mix	Jul - Aug	A mix of colors with larger flowers than any other double hollyhock.
NEW	'Queeny Purple'	○ ☞	24-36"	Purple	Jul - Aug	A dwarf variety with huge 3-4" purple single flowers. Award-winner.
	'Salmon'	○ ☞	48"-Higher	Pink	Jul - Aug	Salmon-pink blooms. Double, lacy flowers.
	'Scarlet'	○ ☞	48"-Higher	Red	Jul - Aug	Large pom-pom flowers in bright red.
	'Single Mix'	○ ☞	48"-Higher	Mix	Jul - Aug	Old-fashioned single hollyhocks in red, pink, white and yellow.
	'Yellow'	○ ☞	48"-Higher	Yellow	Jul - Aug	Showy, bright yellow flowers which are doubled.

ALCHEMILLA (Lady's Mantle)

mollis

	<i>mollis</i>	○ ☞ 🌞	0-12"	Yellow	Jun - Jun	Yellow-green flowers atop lush, light green sharply-toothed leaf edges.
	'Select'	○ ☞ 🌞	0-12"	Yellow	Jun - Jul	An improved form with chartreuse leaves.

ALLIUM (Ornamental Chives)

giganteum (Ornamental Onion)

NEW	<i>giganteum</i>	○ ☞	48"-Higher	Purple	Jun - Jul	Hardy bulb with large balls of lavender and purple on top of sturdy stems.
------------	------------------	-----	------------	--------	-----------	--

Hybrid

NEW	'Globemaster'	○ ☞	24-36"	Lavender	May - Jun	Huge 8-10" globes of lavender-purple sit atop tall sturdy stems. Quite a conversation-starter.
------------	---------------	-----	--------	----------	-----------	--

maximowiczii

	'Alba'	○ ☞	0-12"	White	May - Jun	Clump forming grass-like foliage produces white globes that stay white for a long time instead of turning brown.
--	--------	-----	-------	-------	-----------	--

schoenoprasum

	'Forescate'	○ ☞	12-24"	Pink	May - Jun	Rose and light pink bicolored blossoms. An alternative spring-flowering option.
	<i>schoenoprasum</i>	○ ☞	12-24"	Lavender	May - Jun	Pom-pom flowers, makes a nice edging plant. Great for cooking, too.

senescens (Mountain Garlic)

	<i>montanum</i>	○ ☞	0-12"	Pink	Jul - Aug	Pink-purple florets above grassy foliage.
--	-----------------	-----	-------	------	-----------	---

ALSTROEMERIA (Inca Lily, Peruvian Lily)

Hybrid

NEW	'Glory of the Andes'	○ ☞	24-36"	Yellow	Jun - Jun	A variegated form of A. 'Sweet Laura' with leaves edged in yellow. Soft yellow flowers are spotted with burgundy-red.
	'Sweet Laura' PP10030	○ ☞	24-36"	Yellow	Jun - Jun	One of the hardiest Peruvian lilies with yellow flowers spotted with burgundy-red.

AMPELOPSIS (Monk's Hood Vine, Porcelain Vine)

brevipedunculata

	'Elegans'	○ ☞	Climber	White	Jul - Aug	Attractive multi-color foliage. Berries maturing to blue, insignificant white flowers. More sun will produce more berries.
--	-----------	-----	---------	-------	-----------	--

AMSONIA (Bluestar, Blue Dogbane)

hubrechtii (Arkansas Amsonia)

	<i>hubrechtii</i>	○ ☞	24-36"	Blue	May - Jun	Sky-blue flowers with narrow-leafed foliage. Foliage turns gold in fall. Slower growing, be patient.
--	-------------------	-----	--------	------	-----------	--

ANACYCLUS (Mt. Atlas Daisy)

depressus

	<i>depressus</i>	○	0-12"	White	Jun - Jun	White flowers, with a red reverse. Low-growing ferny foliage.
--	------------------	---	-------	-------	-----------	---

ANCHUSA (Bugloss, Forget-Me-Not)

capensis

	'Blue Angel'	○ ☞	0-12"	Blue	Jul - Aug	Electric-blue flowers. Needs some winter mulching.
--	--------------	-----	-------	------	-----------	--

ANEMONE (Windflower)

hupehensis (Japanese Anemone)

	<i>hupehensis</i>	○ ☞ 🌞	24-36"	Pink	Jul - Aug	Rosy-pink flowers atop upright, sturdy foliage.
--	-------------------	-------	--------	------	-----------	---

Hybrid

	'Andrea Atkinson'	○ ☞ 🌞	24-36"	White	Aug - Sep	Single white blossoms with contrasting orange stamens.
	'Hadspen Abundance'	○ ☞ 🌞	24-36"	Pink	Aug - Sep	Very showy, single pink flowers atop beautiful foliage.
	'Honorine Jobert'	○ ☞ 🌞	36-48"	White	Sep - Oct	One of the oldest and most popular varieties. Pure white with yellow center.
	'Party Dress' PP13844	○ ☞ 🌞	24-36"	Pink	Jul - Sep	Large and fluffy doubled flowers of soft pink.
	'Prince Henry'	○ ☞ 🌞	24-36"	Pink	Aug - Oct	Semi-doubled, rosy pink blooms. Very nice habit, and one of the nicest varieties.
	'Whirlwind'	○ ☞ 🌞	36-48"	White	Aug - Oct	Semi-doubled, white flowers on taller than usual foliage.

☞ = tolerates partial shade

🌞 = tolerates shade

multifida

NEW 'Annabella Deep Rose' ○ ☞ ▲ 0-12" Pink Jun - Jul Single rose-pink flowers with lacy finely dissected leaves.

sylvestris (Snow Drop Anemone)

sylvestris ○ ☞ ▲ 0-12" White May - Jun Showy, nodding white flowers in spring and fall. Reseeds and naturalizes very nicely if desired.

tomentosa (Grape Leaf Anemone)

'Robustissima' ○ ☞ ▲ 36-48" Pink Aug - Oct Mauve-pink flowers produced high above foliage.

ANTHEMIS (Golden Chamomile, Golden Marguerite)**tinctoria**

'Kelwayi' ○ 24-36" Yellow Jun - Aug Bright yellow, daisy-like blooms. Cut back for repeat bloom.

AQUILEGIA (Columbine)**Hybrid**

'Biedermeier' ○ ☞ ▲ 12-24" Mix Jun - Jul Dwarf mix with colors of pink, purple or white.

'Lime Frost' ○ ☞ ▲ 12-24" Mix Jun - Jul Dark green foliage mottled with lime-green. Flowers are variable, but usually white or deep blue.

'McKana Hybrids' ○ ☞ ▲ 24-36" Mix Jun - Jul Large and long-spurred flowers with colors of red, lilac, white, and yellow.

Hybrid (Music Series)

'Mix' ○ ☞ ▲ 12-24" Mix Jun - Jul Long-spurred flowers in a multitude of colors. An old favorite for late springtime color.

'Red & White' ○ ☞ ▲ 12-24" Red Jun - Jul Showy variety with contrasting red and white flowers.

Hybrid (Songbird Series)

NEW 'Blue Jay' ○ ☞ ▲ 12-24" Blue May - Jul White corolla and contrasting sky-blue to medium blue petals. Moisture-loving, especially if in full sunlight.

'Dove' ○ ☞ ▲ 12-24" White Jun - Jul Clean, pure white blooms. Good, strong foliage and stems.

NEW 'Gold Finch' ○ ☞ ▲ 12-24" Yellow May - Jul An all yellow selection with lemon-yellow petals and a cream-yellow corolla.

'Nightingale' ○ ☞ ▲ 12-24" Lavender Jun - Jul Noted for its large flowers. Lavender petals and white corolla.

'Robin' ○ ☞ ▲ 12-24" Pink May - Jul Pinkish flowers with white sepals. Compact habit.

Hybrid (Spring Magic Series)

'Navy & White' ○ ☞ ▲ 12-24" Blue May - Jul Violet and navy blue petals, white corolla. Large flowers, nice mid-height appearance.

Hybrid (State Series)

NEW 'Kansas' ○ ☞ ▲ 24-36" Red May - Jul Red and gold bicolor flowers on taller strong stems.

NEW 'Vermont' ○ ☞ ▲ 24-36" Lavender May - Jul Lavender-blue to lavender-purple blended flowers on taller stems.

vulgaris

NEW 'Clementine Dark Purple' ○ ☞ ▲ 12-24" Purple May - Jun Flowers are fully doubled and upright facing. A true purple.

NEW 'Clementine Red' ○ ☞ ▲ 12-24" Pink May - Jun Fully doubled pink to rosy-red flowers.

'Heidi' ○ ☞ ▲ 12-24" Pink May - Jun Short-spurred rosy-pink flowers and compact habit.

ARABIS (Rock Cress)**caucasica**

'Snow Cap' ○ ☞ 0-12" White Apr - May Incredibly showy, pure white blossoms on compact foliage. One of the earliest plants to flower in the spring.

ferdinandi-coburgii

'Variegata' ○ ☞ 0-12" White Apr - May Interesting variegated foliage with yellowish stripes. Very nice even when not in bloom.

ARENARIA (Sandwort)**montana**

montana ○ ☞ 0-12" White May - Jun Small white flowers smother the low-growing foliage in spring. Not well-known, but very worthwhile.

ARISAEMA (Indian Turnip, Jack-in-the-Pulpit)**triphillum**

triphillum ☞ ▲ 12-24" Purple Apr - May Unique flowers of green, purple and brown. A moisture-loving popular native.

ARMERIA (Sea Pink, Sea Thrift)**maritima**

'Bloodstone' ○ ☞ 0-12" Pink May - Jul Rosy-pink pom-poms on evergreen foliage. One of the nicer pink-flowered forms.

'Cotton Tail' ○ ☞ 0-12" White May - Jul Dark green grass-like foliage accented by pure white flowers.

NEW 'Nifty Thrifty' ○ ☞ 0-12" Pink May - Jul Same cute hot-pink flowers as the others, but green grass-like leaves are edged in cream.

NEW 'Ornament' ○ ☞ 0-12" Pink May - Jul Pom-pom flowers over grassy foliage, in various shades of pink and red. Some white flowers may appear as well due to seed variances.

○ = tolerates sun

☞ = tolerates partial shade

▲ = tolerates shade

pseudarmeria

'Joystick Red'	○ ☞	12-24"	Pink	Jun - Jul	Broadleaf and long-stemmed variety. Flowers are not red like name suggests, rather salmon-red to pale pink.
----------------	-----	--------	------	-----------	---

ARTEMISIA (Mugwort, Wormwood)***schmidtiana***

'Silver Mound'	○ ☞	0-12"	Yellow	Jul - Aug	Compact, lacy, silvery foliage is exceptional as a contrast plant. Insignificant flowers.
----------------	-----	-------	--------	-----------	---

stelleriana

'Silver Brocade'	○ ☞	0-12"	Yellow	Aug - Aug	Velvety silver-white foliage, similar to the annual Dusty Miller. Insignificant flowers.
------------------	-----	-------	--------	-----------	--

ARUNCUS (Goat's Beard)***dioicus***

dioicus	☞ ♂	48"-Higher	White	Jun - Jul	Cream-white feathery flower spikes. Slower to mature, loves moisture.
----------------	-----	------------	-------	-----------	---

ASARUM (Wild Ginger)***canadense (Canadian Wild Ginger)***

canadense	☞ ♂	0-12"	-	-	Heart-shaped, large lush dark green leaves. Excellent groundcover.
------------------	-----	-------	---	---	--

europaeum (European Wild Ginger)

europaeum	☞ ♂	0-12"	-	-	Rounded, heart-shaped leaves. Refined dark green and glossy leaves, but slower growing.
------------------	-----	-------	---	---	---

splendens (Chinese Wild Ginger)

splendens	☞ ♂	0-12"	Purple	Apr - May	Outstanding mottled silver heart-shaped leaves. Insignificant flowers.
------------------	-----	-------	--------	-----------	--

ASCLEPIAS (Butterfly Weed, Milkweed)***tuberosa***

tuberosa	○ ☞	12-24"	Orange	Jul - Aug	Striking, golden-orange flower heads. Breaks dormancy late.
-----------------	-----	--------	--------	-----------	---

ASTER (Hardy Aster, Michaelmas Daisy)***alpinus***

'Dunkle Schone' ('Dark Beauty')	○ ☞	0-12"	Blue	Jun - Aug	Darker blue with a contrasting yellow center.
'Goliath'	○ ☞	0-12"	Blue	Jun - Jul	Light blue starburst flowers arise from short growing foliage.
'Happy End'	○ ☞	0-12"	Pink	Jun - Aug	Bright pink daisies with a small yellow center.
'Trimix'	○ ☞	0-12"	Mix	Jun - Jul	Cute pom-pom flowers in shades of blue, pink, and white on this compact plant.

dumosus (Bushy Aster)

'Professor Kippenberg'	○ ☞	12-24"	Blue	Sep - Oct	Showy, bright blue flowers with small yellow centers.
'Wood's Pink'	○ ☞	0-12"	Pink	Sep - Oct	Neatly compact with dark green, mildew-resistant foliage. Light pink flowers.
'Wood's Purple'	○ ☞	0-12"	Purple	Sep - Oct	Deep green foliage smothered in dark purple blossoms.

novae-angliae (New England Aster)

'Alma Potschke'	○ ☞	36-48"	Pink	Jul - Sep	Hot-pink flowers cover this showy large plant. Allow 3-4 feet for maturity space.
'Purple Dome'	○ ☞	12-24"	Purple	Jul - Sep	Royal-purple flowers that blanket the compact foliage. Mildew-resistant.

novi-belgi (New York Aster)

'Alert'	○ ☞	0-12"	Red	Sep - Oct	One of the nicest red varieties, compact habit.
---------	-----	-------	-----	-----------	---

tongolensis (East Indies Aster)

'Wartberg Star'	○ ☞	12-24"	Blue	Apr - Jun	Dark green foliage and quite large lavender-blue daisies with yellow centers.
-----------------	-----	--------	------	-----------	---

ASTILBE (False Spirea, Feather Flower)***arendsii***

NEW 'Grande'	○ ☞ ♂	24-36"	Mix	Jun - Jul	A mix of soft pastel peach, pink, and salmon plumes.
'Snow Drift'	○ ☞ ♂	12-24"	White	Jul - Aug	Pure white flowers above dark green foliage.

chinensis

'Superba'	○ ☞ ♂	36-48"	Lavender	Jul - Aug	Stately and tall with large rose-lavender flowers.
'Veronica Klose'	○ ☞ ♂	12-24"	Pink	Aug - Aug	Rosy-pink plumes above clumping deep green foliage.
'Vision in Pink' PP11860	○ ☞ ♂	24-36"	Pink	Jul - Aug	Great flower form. Thick and upright pale pink plumes.
'Vision in Red' PP11965	○ ☞ ♂	24-36"	Red	Jul - Aug	Bronze foliage with fluffy pinkish-red flowers.
'Visions'	○ ☞ ♂	12-24"	Purple	Jul - Aug	Fragrant and fluffy heads of purplish-red. Nice sturdy foliage.

japonica

'Deutschland'	○ ☞ ♂	24-36"	White	Jun - Jul	Compact habit with dense near-white plumes.
'Montgomery'	○ ☞ ♂	12-24"	Red	Jul - Jul	Dark red, slightly airy and branched flower plumes.
'Peach Blossom'	○ ☞ ♂	12-24"	Pink	Jun - Jun	Another popular selection with light pink flowers.
'Red Sentinel'	○ ☞ ♂	12-24"	Red	Jul - Jul	One of the most widely used red varieties. Great performer.
'Rheinland'	○ ☞ ♂	12-24"	Pink	Jun - Jun	Rosy-pink flowers aging to lighter pink.

○ = tolerates sun

☞ = tolerates partial shade

♂ = tolerates shade

simplicifolia

'Hennie Graafland'	○ ☞ 🌞	0-12"	Pink	Jul - Aug	Light pink flowers produced by attractive foliage. Low-growing.
'Inshriach Pink'	○ ☞ 🌞	0-12"	Pink	Jul - Aug	Very wavy and airy flowers that are light pink in color.
'Sprite'	○ ☞ 🌞	0-12"	Pink	Jul - Aug	Bronze foliage and shell-pink flowers. 1994 PPA Plant of the Year.

thunbergii

'Ostrich Plume'	○ ☞ 🌞	36-48"	Pink	Jul - Aug	Arching, graceful light pink flowers drape above the beautiful lacy foliage.
-----------------	-------	--------	------	-----------	--

ASTRANTIA (Masterwort)

Hybrid

NEW 'Moulin Rouge' PPAF	○ ☞ 🌞	12-24"	Red	Jun - Aug	Ruby-red flowers lightly tipped in purple. Long-blooming.
--------------------------------	-------	--------	-----	-----------	---

AUBRIETA (Purple Rock Cress)

deltoidea

'Whitewell Gem'	○ ☞	0-12"	Purple	Apr - May	Bluish-purple flowers cover dense, low-growing foliage.
-----------------	-----	-------	--------	-----------	---

AURINIA (Allysum, Basket of Gold, Madwort)

saxatilis

'Compacta'	○ ☞	0-12"	Yellow	Apr - May	Brightly colored sulphur-yellow flowers. Foliage has a spreading habit and is silvery-gray. Perfect for brightening up those rainy April days.
------------	-----	-------	--------	-----------	--

BAPTISIA (Blue Indigo, False Indigo)

australis

<i>australis</i>	○ ☞	36-48"	Blue	May - Jun	Green-gray foliage consisting of oval leaves along thick stems. Striking spring color with pea-like blue blossoms.
------------------	-----	--------	------	-----------	--

BELLIS (English Daisy)

perennis

'Habanera Rose'	○ ☞	0-12"	Pink	May - Jun	Round, oval-shaped flowers atop light green foliage. Water well if planted in sun.
'Habanera White & Red'	○ ☞	0-12"	White	May - Jun	White globular flowers with petal tips tinged with red. Keep moist.
'Robella'	○ ☞	0-12"	Pink	Apr - Jun	Salmon-pink flowers. Water well if planted in full sun.
'Strawberries & Cream'	○ ☞	0-12"	Pink	Apr - Jun	Creamy rose and white globes on light green foliage. Keep moist.

BERGENIA (Pigsqueak, Saxifraga)

cordifolia

<i>cordifolia</i>	○ ☞ 🌞	12-24"	Pink	Apr - May	Shiny, large leaves that are somewhat heart-shaped and rubber-like in texture. Soft pink flower clusters on taller stems.
'Winterglut'	○ ☞ 🌞	12-24"	Red	Apr - May	Red flowers, with foliage turning deep red in the fall.

BOLTONIA (Boltonia)

asteroides

'Nana'	○ ☞	24-36"	Pink	Aug - Sep	Dwarf variety, nicely compact. Lilac-pink blossoms.
'Snowbank'	○ ☞	36-48"	White	Sep - Oct	Excellent for late season color. Profuse display of blooms.

BRUNNERA (Alkanet, Siberian Bugloss)

macrophylla

'Jack Frost' PP13859	☞ 🌞	0-12"	Blue	May - Jun	Frosted silver leaves with light green veins. Outstanding contrast plant.
<i>macrophylla</i>	○ ☞ 🌞	0-12"	Blue	May - Jun	Moisture-loving. Does best in partial to full shade. Sky-blue flower clusters.

BUDDLEIA (Butterfly Bush)

davidii

'Attraction'	○ ☞	48"-Higher	Purple	Jul - Sep	Still more purple than red, but the most red of any Buddleia variety.
'Black Knight'	○ ☞	48"-Higher	Purple	Jul - Sep	Dark purple, almost black flowers. Butterflies love it!
NEW 'Butterfly Hybrids'	○ ☞	48"-Higher	Mix	Jul - Sep	Just a mix of white, pink, lavender, and purple flowering varieties.
'Pink Delight'	○ ☞	48"-Higher	Pink	Jul - Sep	Large pink flowers that attract butterflies by the hundreds.
'Royal Red'	○ ☞	48"-Higher	Purple	Jul - Sep	Purplish-red flowers. Fragrant. Attractive to butterflies.
'Three-in-One'	○ ☞	48"-Higher	Mix	Jul - Sep	Shades of white, pink, and violet in the same clump. 3 different plants grown together in the same pot for a unique effect.
'White Profusion'	○ ☞	48"-Higher	White	Jul - Sep	Pure white flowers. Striking when used with other Buddleias.

Hybrid

'Bicolor'	○ ☞	48"-Higher	Lavender	Jul - Sep	The first Buddleia to offer multiple colors on the same plant. Lavender and pink blend with a small tinge of yellow.
NEW 'Santana' PP12383	○ ☞	48"-Higher	Purple	Jul - Sep	Variegated variety with bright yellow to gold leaf margins surrounding green. Purple-red flowers.

nanhoensis

'Nanho Blue'	○ ☞	36-48"	Blue	Jul - Sep	Silvery foliage producing narrow flower spikes. Shorter growing than most.
--------------	-----	--------	------	-----------	--

○ = tolerates sun

☞ = tolerates partial shade

🌞 = tolerates shade

CALTHA (Marsh Marigold)

palustris

<i>palustris</i>	○ ♀	12-24"	Yellow	Apr - May	Shiny kidney-shaped leaves and yellow flowers. Loves moist soil. Very nice when grown in a mass planting.
------------------	-----	--------	--------	-----------	---

CAMPANULA (Bellflower, Harebell)

carpatica (Carpathian Bellflower)

'Deep Blue Clips'	○ ♀	0-12"	Blue	Jun - Sep	Darker blue, almost purple star-shaped flowers.
'Pearl Deep Blue'	○ ♀	0-12"	Blue	May - Sep	Earlier blooming with slightly larger flowers than C. 'Blue Clips.' Foliage seems a bit hardier as well.
'White Clips'	○ ♀	0-12"	White	Jun - Sep	Long-blooming with outstanding habit and performance.

glomerata (Clustered Bellflower)

'Superba'	○ ♀	12-24"	Blue	May - Jun	Vigorous and easy to grow, with violet-blue to purple clusters.
-----------	-----	--------	------	-----------	---

Hybrid

'Samantha'	○ ♀	0-12"	Blue	Jun - Aug	Flowers consist of violet-blue edges fading to white centers. Outstanding performer, compact, and easy to grow.
------------	-----	-------	------	-----------	---

medium (Canterbury Bells, Cup and Saucers)

<i>medium</i>	○ ♀	12-24"	Mix	Jun - Jul	Flowers in shades of blue, pink, and white. Large bell-shaped blooms appear along upright stems. Biennial.
---------------	-----	--------	-----	-----------	--

portenschlagiana

'Birch Hybrid'	○ ♀	0-12"	Blue	Jun - Aug	Long-blooming and strong growing. Compact, forms a low-growing mat.
----------------	-----	-------	------	-----------	---

poscharskyana (Serbian Bellflower)

'Blue Waterfall' PP13161	○ ♀	0-12"	Blue	May - Jul	A bit longer blooming than the species, with star-shaped blue flowers and white centers.
<i>poscharskyana</i>	○ ♀	0-12"	Blue	May - Jun	Light blue flowers produced by low-growing foliage. A nice alternative groundcover plant.

punctata

'Cherry Bells'	○ ♀	12-24"	Red	Jun - Jul	Strong habit with rosy-red bells on upright foliage.
----------------	-----	--------	-----	-----------	--

CAMPSIS (Trumpet Creeper)

radicans

'Flamenco'	○ ♀	Climber	Red	Jul - Aug	Bright red to orange trumpet flowers. Vigorous grower once established.
'Flava'	○ ♀	Climber	Yellow	Jul - Aug	Pure yellow, trumpet-shaped flowers. Vigorous and tough. Takes a few years to flower.
'Minnesota Red'	○ ♀	Climber	Red	Jul - Aug	Velvety-red flowers on deep green foliage.
<i>radicans</i>	○ ♀	Climber	Orange	Jul - Aug	Slow to mature and flower, but hummingbirds love them! Bright orange trumpet-shaped flowers.

CARYOPTERIS (Bluebeard, Blue Spirea)

Hybrid

'First Choice' PP11958	○ ♀	24-36"	Blue	Jun - Aug	Purple-blue spires and attractive foliage. Earlier to bloom than most Caryopteris, and compact.
------------------------	-----	--------	------	-----------	---

incana

NEW 'Jason' PPAF	○ ♀	24-36"	Blue	Jul - Sep	Fragrant amethyst-blue flowers against yellow to chartreuse foliage color. Also goes by name of 'Sunshine Blue.'
-------------------------	-----	--------	------	-----------	--

CATANANCHE (Cupid's Dart)

caerulea

<i>caerulea</i>	○ ♀	12-24"	Blue	Jun - Aug	Low-growing, spidery foliage giving rise to tall stems and lavender-blue flowers.
-----------------	-----	--------	------	-----------	---

CELASTRUS (Bittersweet)

rosethornianus (Loesener Bittersweet)

<i>rosethornianus</i>	○ ♀	Climber	Orange	May - Jun	This species is bisexual, so there is no need to have a male and female plant like other Bittersweet. Orange berries produced in summer.
-----------------------	-----	---------	--------	-----------	--

CENTAUREA (Cornflower, Knapweed, Bachelor Button)

dealbata

'Rosea'	○ ♀	24-36"	Pink	Jun - Jul	Lavender-pink flowers. Cutting back after blooming promotes new growth and blooms.
---------	-----	--------	------	-----------	--

montana

'Blue'	○ ♀	24-36"	Blue	Jun - Jul	Striking show of cornflower-blue to violet-blue flowers with fringed petals.
--------	-----	--------	------	-----------	--

CENTRANTHUS (Jupiter's Beard, Valerian)

ruber

'Coccineus'	○ ♀	24-36"	Pink	Jul - Aug	Rose-pink flower heads. Fragrant and adaptable to just about any type of soil.
-------------	-----	--------	------	-----------	--

CERASTIUM (Snow in Summer)

tomentosum

'Yo-Yo'	○ ♀	0-12"	White	May - Jun	Beautiful silvery-gray foliage forming a dense mat. Small pure white flowers.
---------	-----	-------	-------	-----------	---

○ = tolerates sun

♀ = tolerates partial shade

☀ = tolerates shade

CERATOSTIGMA (Leadwort)

plumbaginoides

plumbaginoides	○ ☞ 🌞	0-12"	Blue	Jul - Sep	Electric-blue flowers. Foliage turns reddish in fall. Aggressive, but late to break dormancy.
----------------	-------	-------	------	-----------	---

CHEIRANTHUS (Wallflower)

allionii

'Orange'	○ ☞	12-24"	Orange	May - Jun	This biennial has very showy, orange-gold flowers. Benefits from winter protection/mulching.
'Yellow'	○ ☞	12-24"	Yellow	May - Jun	Biennial with showy sprays of yellow flower clusters. Prefers winter protection/mulching.

CHELONE (Turtlehead)

lyonii

'Hot Lips'	○ ☞ 🌞	24-36"	Pink	Aug - Sep	Shell-shaped pink blooms with bronzy foliage and stems.
------------	-------	--------	------	-----------	---

CIMICIFUGA (Black Cohosh, Black Snakeroot, Bugbane)

racemosa

'Brunette'	☞ 🌞	36-48"	White	Jul - Aug	Dark foliage with white to pink fragrant flowers.
'Hillside Black Beauty' PP09988	☞ 🌞	48"-Higher	White	Jul - Aug	Unbelievable purplish-black foliage with white plumes. Wow!

simplex

'White Pearl'	☞ 🌞	48"-Higher	White	Aug - Sep	The most common Bugbane with large white flowers. Later blooming than most.
---------------	-----	------------	-------	-----------	---

CLEMATIS

alpina

'Constance' A	○ ☞	Climber	Pink	Apr - May	Smaller bright pink bell-shaped flowers. Easy to grow, quick to mature.
---------------	-----	---------	------	-----------	---

Hybrid

'Asao' B	○ ☞	Climber	Pink	May - Jun	Award-winning variety. Rosy-pink with whitish bar. Reblooms in September.
'Bee's Jubilee' B	○ ☞	Climber	Pink	May - Jun	Bluish-pink flowers with deep rose bars. Repeats bloom.
'Blue Angel' C	○ ☞	Climber	Blue	Jun - Aug	Sky-blue to lavender blooms with a lighter midrib. Award-winning.
'Comtesse de Bouchaud' C	○ ☞	Climber	Pink	Jun - Sep	Rose-pink velvety flowers. Lots of blooms!
'Dr. Ruppel' B	○ ☞	Climber	Red	May - Jun	Rosy-red petals with even darker bars. Repeats bloom in September.
'Duchess of Edinburgh' B	○ ☞	Climber	White	May - Jun	Very nice white doubled variety. Repeats bloom in September.
'Elsa Spath' B	○ ☞	Climber	Blue	Jun - Sep	Lavender-blue flowers with dainty reddish-purple stamens.
'Ernest Markham' B	○ ☞	Climber	Red	Aug - Oct	One of the nicer "red" varieties, with hints of rose and fuchsia.
'General Sikorsky' B	○ ☞	Climber	Lavender	Jun - Sep	Lavender-blue with a red-sheened center.
'Guernsey Cream' B	○ ☞	Climber	White	May - Aug	Pale yellow flowers maturing to white. Petals are a graceful round shape.
'Hagley Hybrids' C	○ ☞	Climber	Pink	Jun - Sep	A popular choice for a straight pink flower.
'Henry' B	○ ☞	Climber	White	Jun - Sep	Very large flowers making it a common choice for white.
'Jackmanii' C	○ ☞	Climber	Purple	Jun - Sep	Probably the most popular variety ever.
NEW 'Josephine' B	○ ☞	Climber	Pink	Jun - Sep	Truly unique with double light lilac-pink and rose-pink bicolor flowers.
NEW 'Liberation' B	○ ☞	Climber	Pink	Jun - Sep	Deep burgundy-pink bar surrounded by lighter rose-pink petals.
'Marie Boisselot' B	○ ☞	Climber	White	May - Jun	Very large, pure white flowers.
NEW 'Miss Bateman' B	○ ☞	Climber	White	Jun - Aug	Broad white overlapping petals giving a very large-flowered appearance.
'Mme. Le Coultre' B	○ ☞	Climber	White	Jun - Sep	Pure white with lemon-yellow stamens.
'Mrs. Cholmondeley' B	○ ☞	Climber	Blue	May - Sep	Nice light blue. Great grower and quite unknown.
NEW 'Mrs. N. Thompson' B	○ ☞	Climber	Purple	Jun - Sep	Showy fuchsia-purple with a bright hot-pink center bar.
NEW 'Multi Blue' B	○ ☞	Climber	Blue	May - Jun	Fully doubled with 2 layers of violet-blue petals. Repeats bloom in September.
'Nelly Moser' B	○ ☞	Climber	Pink	May - Jun	Mauve-pink with pinkish bars. Repeats bloom in September.
'Niobe' C	○ ☞	Climber	Red	Jun - Sep	Wine-red flowers with a tinge of purple.
NEW 'Pink Fantasy'	○ ☞	Climber	Pink	May - Jun	Softly muted light pink with deeper rosy-pink bars. Repeats bloom in September.
'Ramona' C	○ ☞	Climber	Blue	Jul - Sep	Showy, light blue to lavender flowers.
'Red Cardinal' C	○ ☞	Climber	Red	Jun - Sep	Very showy crimson-red, with a beautiful rounded flower shape.
'The President' B	○ ☞	Climber	Purple	Jun - Sep	Plum-purple with dark purple stamens.
'Ville de Lyon' C	○ ☞	Climber	Red	Jun - Sep	Carmine-red outer edges with lighter centers.
NEW 'Warsaw Nike' B	○ ☞	Climber	Red	Jun - Jul	Ruby-red to wine colored blossoms with golden yellow anthers.
'Will Goodwin' B	○ ☞	Climber	Lavender	Jun - Sep	Excellent growth habit with lavender-blue flowers.

Kivistik Hybrids (New introduction from breeders Aili and the late Uno Kivistik. Features a more compact habit, flowers on current year's growth, and has long-blooming properties.)

'Kullus' PPAF B	○ ☞	Climber	Lavender	Jun - Oct	Large wavy light violet flowers. Very long-blooming.
-----------------	-----	---------	----------	-----------	--

○ = tolerates sun

☞ = tolerates partial shade

🌞 = tolerates shade

	'Marmorì' PPAF B	○ ☞	Climber	Pink	Jun - Oct	Pale pink flowers featuring a deep pink center bar.
	'Minister' PPAF B	○ ☞	Climber	Purple	Jun - Oct	Reddish-purple flowers with red stamens.
	'Piilu/Little Duckling' PPAF B	○ ☞	Climber	Pink	Jun - Oct	Deep fuchsia-pink bars surrounded by light pink petal margins. Very showy.
	'Ruutel' PPAF B	○ ☞	Climber	Red	Jun - Oct	One of the closest to true reds available, with narrower petals.
	'Viola' PPAF B	○ ☞	Climber	Purple	Jun - Oct	Nicely contrasting yellow stamens and purple-violet petals.
macropetala						
	'Blue Bird' A	○ ☞	Climber	Blue	Apr - May	Shorter growing, with semi-double flowers. Early bloomer.
	'Markham's Pink' A	○ ☞	Climber	Pink	Apr - Jun	Smaller flowering and earlier blooming. Light pink petals with darker veined centers.
montana						
	'Freda' A	○ ☞	Climber	Pink	Apr - Jun	Deep rose colored blossoms on foliage that is deep maroon-bronze. Looks nice even when not in bloom.
tangutica						
NEW	'Radar Love' C	○ ☞	Climber	Yellow	Jul - Sep	Pendulous yellow bell-shaped flowers. Award-winner. Vigorous, but does benefit from winter protection while getting established.
	tangutica C	○ ☞	Climber	Yellow	Jul - Sep	Bell-shaped flowers with yellow petals and brownish center corolla. Vigorous.
terniflora (Sweet Autumn Clematis)						
	terniflora (paniculata) C	○ ☞	Climber	White	Sep - Oct	Sweet fragrance with small creamy white blossoms. Aggressive grower, outstanding late summer color.
virginiana (Virgin's Bower)						
NEW	virginiana C	○ ☞	Climber	White	Sep - Oct	Compound leaves in bright green. Flowers are similar to C. terniflora (Sweet Autumn Clematis).
viticella						
	'Etoile Violette' C	○ ☞	Climber	Purple	Jun - Aug	Rich purple 6-petaled flowers. Free flowering and vigorous. The parent of many Clematis breeding programs.
	'Mme. Julia Correvon' C	○ ☞	Climber	Red	Jun - Aug	Red to fuchsia 4-petaled flowers. Free flowering and easy to grow.
CONOCLINIUM (Hardy Ageratum)						
coelestinum						
	'Wayside'	○ ☞	12-24"	Blue	Jul - Sep	Azure-blue heads of fuzzy flowers. Quite long-blooming.
CONVALLARIA (Lily of the Valley)						
majalis						
	majalis	☞ ☀	0-12"	White	May - Jun	Tiny, fragrant flowers. Nice, light green foliage for shade.
COREOPSIS (Tickseed)						
auriculata (Mouse Ear Coreopsis)						
	'Zamfir'	○ ☞	12-24"	Yellow	Jun - Aug	Golden-yellow flowers consisting of unique tubular petals.
grandiflora / lanceolata						
	'Domino'	○ ☞	0-12"	Yellow	Jul - Aug	Dwarf form with black centered flowers.
	'Early Sunrise'	○ ☞	12-24"	Yellow	Jun - Sep	Golden-yellow flowers. Cut back to force repeat blooms.
	'Rising Sun'	○ ☞	24-36"	Yellow	May - Aug	Earlier to bloom than most Coreopsis, with yellow flowers and a burgundy-red center.
	'Sterntaler'	○ ☞	12-24"	Gold	Jun - Aug	Will repeat bloom if cut back, one of our longest-blooming plants in our gardens. Golden-yellow with brown rings.
	'Sunray'	○ ☞	12-24"	Yellow	Jun - Jul	Semi-double, golden-yellow flowers. Cut back after blooming to force new growth and new blooms.
Hybrid						
NEW	'Autumn Blush' PPAF	○ ☞	12-24"	Yellow	May - Aug	Peach-yellow blooms with deep burgundy eye. Entire flower turns wine-red during cooler temps.
	'Crème Brulee' PPAF	○ ☞	12-24"	Yellow	May - Aug	Soft yellow blossoms over thread-leaf foliage. Long-blooming.
NEW	'Limerock Passion' PP15979	○ ☞	12-24"	Lavender	Jun - Aug	NOT WINTER HARDY! A sport of C. 'Limerock Ruby' with the same terrific bloom time but with lavender-pink flowers.
	'Limerock Ruby' PP15455	○ ☞	12-24"	Red	Jun - Aug	NOT WINTER HARDY! But very useful for bright ruby-red color during the summer months. Extremely long-blooming.
	'Tequila Sunrise' PP9875	○ ☞	12-24"	Yellow	Jun - Sep	Foliage sports creamy yellow borders. Same great performance as the other Coreopsis in this species.
pubescens (Star Tickseed)						
NEW	'Sunshine Superman'	○ ☞	0-12"	Yellow	May - Aug	An outstanding variety with flowers appearing all season on compact and care-free foliage.
rosea						
	'American Dream'	○ ☞	0-12"	Pink	Jun - Aug	Much improved version over C. rosea with ferny foliage and better resistance to disease and mildew.
NEW	'Heaven's Gate' PPAF	○ ☞	12-24"	Pink	Jun - Aug	A cross between 'Limerock Ruby' and 'Sweet Dreams' with blush pink blossoms and darker rosy-red center.
	'Sweet Dreams' PPAF	○ ☞	12-24"	Pink	Jun - Aug	Varying blends of white and raspberry-pink centers. Ferny foliage.

○ = tolerates sun

☞ = tolerates partial shade

☀ = tolerates shade

verticillata

'Moonbeam'	○ ☞	12-24"	Yellow	Jun - Aug	Long-blooming. Airy foliage with lemon-yellow blooms. 1992 PPA Plant of the Year.
'Zagreb'	○ ☞	12-24"	Yellow	Jun - Aug	Ferny foliage, with a nice compact habit. Large golden-yellow flowers.

CORONILLA (Crown Vetch)**varia**

varia	○ ☞ ☂	0-12"	Pink	Jul - Sep	Fast growing, hardy and very vigorous. A great plant for areas where nothing else will grow.
-------	-------	-------	------	-----------	--

CORYDALIS**curviflora / rosthornii**

NEW 'Blue Heron'	○ ☞ ☂	0-12"	Blue	Jun - Aug	Deep blue flowers on gray-green foliage. Larger flowers and more fragrant than most blue varieties.
-------------------------	-------	-------	------	-----------	---

lutea

lutea	○ ☞ ☂	0-12"	Yellow	Jun - Aug	Gray-green foliage, lacy and airy in appearance. Bright yellow nodding blossoms.
-------	-------	-------	--------	-----------	--

CROCOSMIA (Crocoshmia, Montbretia)**Hybrid**

'Lucifer'	○ ☞ ☂	36-48"	Red	Jul - Aug	Vibrant, showy red flowers. Few plants are as brilliant red as this one.
NEW 'Walberton Yellow'	○ ☞	24-36"	Yellow	Jul - Aug	Orange-tinted yellow flowers last longer than most Crocosmia. Hummingbirds like them too!

CYMBALARIA (Kenilworth Ivy, Toadflax Ivy)**aequitriloba**

NEW aequitriloba	○ ☞ ☂	0-12"	Purple	Jun - Aug	Mat-like and foot-friendly foliage, producing snapdragon-like flowers. Prefers well-drained soil.
-------------------------	-------	-------	--------	-----------	---

DELOSPERMA (Hardy Ice Plant)**congestum**

NEW 'Gold Nugget'	○ ☞	0-12"	Yellow	May - Jun	Lemon-yellow daisy-like blooms cover this low-growing plant with succulent foliage. Tolerates poor soil.
--------------------------	-----	-------	--------	-----------	--

cooperi

cooperi	○ ☞	0-12"	Purple	May - Sep	One of our top performers in our display gardens. Benefit from extra winter protection. Does well in poor soil.
---------	-----	-------	--------	-----------	---

Hybrid

'John Proffitt' PPAF	○ ☞	0-12"	Purple	Jun - Aug	Fuchsia-purple flowers with spreading foliage. Low-growing and long-blooming.
'Kelaidis' ('Mesa Verde') PPAF	○ ☞	0-12"	Pink	Jun - Aug	An exciting salmon-pink variety with the same long-blooming and easy-to-grow characteristics.

DELPHINIUM (Larkspur)**grandiflorum**

'Blue Butterfly'	○ ☞	12-24"	Blue	Jun - Aug	Dwarf variety that stays compact. Vibrant blue flowers. Very cute and long-blooming!
'Summer Blues'	○ ☞	12-24"	Blue	Jun - Aug	Light blue flowers on this well-branched and compact variety.
'Summer Nights'	○ ☞	12-24"	Blue	Jun - Aug	Deep blue flowers accent this excellent performer. Prune back after blooming to force new growth and new flowers.

x elatum (Fountains Series)

'Cherry Blossom'	○ ☞	36-48"	Pink	Jun - Jul	Dwarf variety with rosy-pink blooms.
'Dark Blue/Dark Bee'	○ ☞	36-48"	Blue	Jun - Jul	More of a compact grower with dark blue clusters.
'Magic Fountains'	○ ☞	36-48"	Mix	Jun - Jul	Blue, white or mauve blooms on slightly shorter stems.

x elatum (New Millenium Series)

'New Millenium Mixed'	○ ☞	48"-Higher	Mix	Jun - Jul	A mix of blue, white, lavender, purple and pink. Strong stems, long-living.
'Pagan Purples'	○ ☞	48"-Higher	Purple	Jun - Jul	Dark blue-purple clusters. Some lighter shades may appear. Incredible!
NEW 'Purple Passion'	○ ☞	48"-Higher	Purple	Jun - Jul	Purple and white striped bee within intense purple flowers.

x elatum (Pacific Hybrids)

'Pennant'	○ ☞	24-36"	Mix	Jun - Jul	Dwarf variety with flowers of blues, lavenders, and creams.
'Round Table'	○ ☞	48"-Higher	Mix	Jun - Jul	Wide range of colors in a tall growing habit.

DENDRANTHEMA (Chrysanthemum, Hardy Mum)**Hybrid**

'Bolero'	○ ☞	12-24"	Gold	Aug - Sep	An improved daisy-like mum. Golden-yellow with yellow centers. Larger, better, and stronger than regular garden mums.
NEW 'Rhumba'	○ ☞	12-24"	Red	Aug - Sep	Red buds open to yellow-centered daisies with coral-red petals. One of the newer and hardier garden mum introductions.
NEW 'Samba'	○ ☞	12-24"	Pink	Aug - Sep	Dusty-pink petals and a yellow center. One of the newer and hardier garden mum introductions.

○ = tolerates sun

☞ = tolerates partial shade

☂ = tolerates shade

morifolium (Garden Mums)

'Harmony'	○ ☞	12-24"	Yellow	Aug - Sep	Bright yellow daisies fade to creamy yellow with pink tinges. An improved hybrid versus regular garden mums.
-----------	-----	--------	--------	-----------	--

DIANTHUS (Pinks)

barbatus (Sweet William)

'Double Dwarf'	○ ☞	0-12"	Mix	Jun - Jul	Doubled biennial with red, pink, white and bicolor flowers.
'Heart Attack'	○ ☞	0-12"	Red	May - Jul	Bright crimson-red flower clusters. Reported to be more winter-hardy than most Sweet William.

chinensis (China Pinks, Rainbow Pinks) - Cut back to force repeat blooms. D. chinensis benefit from winter protection.

'Parfait Raspberry'	○	0-12"	Lavender	May - Aug	Deep lavender center with light rose edges. A favorite.
'Parfait Strawberry'	○	0-12"	Pink	May - Aug	Popular variety with dark rose centers and light pink edges.

deltoides (Maiden Pinks)

'Brilliant'	○ ☞	0-12"	Red	May - Jun	Crimson-red blossoms with low-growing foliage.
'Zing Rose'	○ ☞	0-12"	Red	Jun - Jul	Rose-red, almost hot-pink flowers that are quite long-blooming.

gratianopolitanis (Cheddar Pinks)

'Firewitch'	○ ☞	0-12"	Red	May - Jun	Raspberry-red carnation-like blooms atop dense blue foliage. 2006 PPA Plant of the Year.
'Tiny Rubies'	○ ☞	0-12"	Pink	May - Jun	Incredible display of flowers on short mounds. We've counted over 100 flowers on one mature plant alone!

Hybrid

'Devon Siskin' PP14377	○ ☞	0-12"	White	May - Jul	White to light pink flowers with a burgundy-red center and petals edged in red as well. Very distinctive. Formerly known as 'Siskin Clock,' also known as Raspberry Swirl.
------------------------	-----	-------	-------	-----------	--

NEW 'Rosish One' PPAF	○ ☞	0-12"	Red	May - Aug	Velvety dark red with petal edges narrowly laced in white. Long-blooming and large flowers for a Dianthus.
------------------------------	-----	-------	-----	-----------	--

Hybrid (Star Series)

'Eastern Star' PP14437	○ ☞	0-12"	Red	May - Jul	Bright red with deep red centers and a very slight pink edge to each petal.
'Neon Star' PP14549	○ ☞	0-12"	Pink	May - Jul	Flourescent pink flowers oozing from grayish-green compact foliage.
'Shooting Star' PPAF	○ ☞	0-12"	Purple	May - Jul	Purple to magenta flowers. Compact blue-green foliage.
'Spangled Star' PP13029	○ ☞	0-12"	Red	May - Jul	Red flowers edged and speckled in pink. Excellent bloomer.

plumarius (Cottage Pinks, Grass Pinks)

'Spring Beauty'	○ ☞	12-24"	Mix	Jun - Jul	Double flowers in colors of pink, red and white.
-----------------	-----	--------	-----	-----------	--

DICENTRA (Bleeding Heart)

cucularia (Dutchman's Breeches)

cucularia	☞ 🌞	0-12"	White	Apr - May	A wonderful old favorite. Slow to spread, but great for naturalizing.
-----------	-----	-------	-------	-----------	---

Hybrid

'King of Hearts'	○ ☞ 🌞	0-12"	Pink	Jun - Sep	Arguably the nicest dwarf bleeding heart. Deep rose-pink blossoms over healthy, serrated, and lacy foliage.
'Luxuriant'	○ ☞ 🌞	12-24"	Pink	Jun - Sep	Rose-pink blossoms seemingly endless throughout the summer. Keep moist especially if planted in sun.

spectabilis (Old-fashioned Bleeding Heart)

'Alba'	○ ☞ 🌞	24-36"	White	May - Jun	Pure white heart-shaped flowers dangle from arching stems. Keep moist if planted in sun.
'Gold Heart'	☞ 🌞	24-36"	Pink	May - Jun	Shocking golden foliage with drooping pink sprays of blossoms.
spectabilis	○ ☞ 🌞	24-36"	Pink	May - Jun	Always a favorite with unique pink and white heart-shaped blossoms.

DIGITALIS (Finger Flower, Foxglove)

grandiflora (ambigua)

grandiflora (ambigua)	○ ☞	12-24"	Yellow	Jun - Jul	Yellow flowers spotted with brown, glossy foliage. Perennial.
-----------------------	-----	--------	--------	-----------	---

purpurea

NEW 'Camelot Rose'	○ ☞	36-48"	Pink	Jun - Jul	Deep rose flowers with burgundy spots inside. Biennial.
'Excelsior'	○ ☞	36-48"	Mix	Jun - Jul	Nice blend of pastel colors with good consistency. Biennial.
'Foxy'	○ ☞	24-36"	Mix	Jun - Jul	Shorter variety. Colors include rosy-red, white and yellow. Biennial.
'Giant Shirley'	○ ☞	36-48"	Mix	Jun - Jul	Popular biennial. Shades of pink, rose, lavender and white.
'Pam's Choice'	○ ☞	36-48"	White	Jun - Jul	Stately stems, white bells with maroon throats. Biennial.
'Primrose Carousel'	○ ☞	24-36"	Yellow	Jun - Jul	Creamy yellow blossoms speckled with deep brown. Large flowers on sturdy stems. Biennial.
'Snow Thimble'	○ ☞	36-48"	White	Jun - Jul	Pure white bells with no splotches like other "white" varieties.
NEW 'Spice Island' PPAF	○ ☞	36-48"	Yellow	Jun - Aug	Longer blooming than most Foxglove with peachy yellow flowers.

x mertonensis

mertonensis (aka 'Summer King')	○ ☞	24-36"	Pink	Jun - Jul	Perennial type with deep green foliage. Dusty-pink and rose flowers.
---------------------------------	-----	--------	------	-----------	--

○ = tolerates sun

☞ = tolerates partial shade

🌞 = tolerates shade

DISPORUM (Fairy Bells)

sessile (Variegated Fairy Bells)

'Variegatum'	☞ 🌞	24-36"	White	Apr - Jun	Pendulous creamy-white bells on deep green leaves striped in white.
--------------	-----	--------	-------	-----------	---

DORONICUM (Leopard's Bane)

caucasicum

'Little Leo'	○ ☞ 🌞	0-12"	Yellow	May - Jun	A dwarf variety with a nice dense habit. Bright yellow starburst daisy-like flowers.
--------------	-------	-------	--------	-----------	--

ECHINACEA (Coneflower)

Hybrid

	'Art's Pride' PPAF ('Orange Meadowbrite')	○ ☞	24-36"	Orange	Jun - Aug	Large clumps of rust-orange daisies. Get them while they last!
NEW	'Evan Saul' PPAF ('Sundown')	○ ☞	36-48"	Orange	Jun - Aug	The new Echinacea varieties keep coming with this one, similar to E. 'Sunset' but slightly taller and a little more rust-orange. Part of the 'Big Sky' series.
NEW	'Matthew Saul' PPAF ('Harvest Moon')	○ ☞	24-36"	Yellow	Jun - Aug	One more color breakthrough in Echinacea, with golden-yellow daisy-like flowers. Part of the 'Big Sky' series.
	'Sunrise' PPAF	○ ☞	24-36"	Yellow	Jun - Aug	One of the 'Big Sky' series, and an interesting non-pink variety. Soft lemon-yellow flowers. Sure to be a sell-out.
	'Sunset' PPAF	○ ☞	24-36"	Orange	Jun - Aug	Another 'Big Sky' variety, with orange petals and brownish cones. Finally a Coneflower that isn't pink!
NEW	'Twilight' PPAF	○ ☞	24-36"	Red	Jun - Aug	Eye-popping color with rosy-red daisies with drooping petals. Overlapping petals give a fuller look. Part of the 'Big Sky' series.

purpurea

	'Bright Star'	○ ☞	24-36"	Pink	Jul - Aug	One of the most common varieties of Echinacea. Showy rosy-pink flowers.
	'Double Decker'	○ ☞	24-36"	Pink	Jul - Aug	Unique bloom consisting of a second set of petals protruding from the top of the center cone. Rose-pink to pale pink petals.
NEW	'Fancy Frills' PPAF	○ ☞	24-36"	Pink	Jul - Aug	Strong stems producing pink flowers with fringed petal tips.
	'Fragrant Angel' PPAF	○ ☞	24-36"	White	Jul - Aug	An improved white variety with large overlapping petals and orange-yellow center.
NEW	'Hope' PPAF	○ ☞	12-24"	White	Jul - Aug	Extremely large flowers with a large center cone and soft pink petals. A Walters Gardens intro, with a percentage of proceeds to benefit the Susan G. Komen Foundation (breast cancer).
	'Kim's Knee High' PP12242	○ ☞	12-24"	Pink	Jul - Aug	A nice dwarf variety. Compact with drooping clear pink petals.
	'Little Giant' PPAF	○ ☞	12-24"	Pink	Jul - Aug	Huge reddish-pink daisies with a double layer of petals. Compact habit.
	'Magnus'	○ ☞	24-36"	Pink	Jul - Aug	A magnificent long-blooming daisy with large pink blooms. 1998 PPA Plant of the Year.
NEW	'Primadonna Deep Rose'	○ ☞	36-48"	Pink	Jul - Aug	Slightly taller than most coneflowers, with sturdy stems producing lavender-rose daisies.
NEW	'Razzamatazz' PP13894	○ ☞	24-36"	Pink	Jul - Aug	Unique pom-pom heads with a layer of daisy petals underneath.
	'Rubinstern' ('Ruby Star')	○ ☞	24-36"	Pink	Jul - Aug	Carmine-red to rose petals, a deeper color than most Echinacea. Petals do not droop as much as other varieties.
NEW	'Vintage Wine' PP13893	○ ☞	24-36"	Pink	Jul - Aug	Classic daisy-like bloom with rich fuchsia-pink petals. Large orange-brown center cone.
	'White Swan'	○ ☞	24-36"	White	Jul - Aug	Great for use as a cut flower. Lime-green center and white petals.

tennesseensis

'Rocky Top Hybrids'	○ ☞	24-36"	Pink	Jul - Aug	Compact habit and interesting upcurved pink petals, each slightly cut at the tips.
---------------------	-----	--------	------	-----------	--

ECHINOPS (Globe Thistle)

bannaticus

'Blue Glow'	○ ☞	36-48"	Blue	Jul - Aug	Leaves are hairy and deeply cut. Intense blue flowers.
-------------	-----	--------	------	-----------	--

EPIMEDIUM (Barrenwort)

x versicolor (Bicolor Barrenwort)

'Sulphureum'	☞ 🌞	0-12"	Yellow	Apr - May	Refined foliage with great fall color. Early blooming.
--------------	-----	-------	--------	-----------	--

x youngianum (Young's Barrenwort)

NEW	'Niveum'	☞ 🌞	0-12"	White	Apr - May	Fragrant white flowers decorate lush green foliage tinged with burgundy-red.
	'Roseum'	☞ 🌞	0-12"	Pink	Apr - May	Lilac-pink flowers on attractive foliage tinged in red.

EQUISETUM (Horsetail)

hyemale

NEW	hyemale	○ ☞ 🌞	36-48"	-	-	Snake-like foliage with hollow reed-like stems. Insignificant flower bristles.
------------	---------	-------	--------	---	---	--

ERIGERON (Fleabane)

glaucous

'Sea Breeze' PP#12076	○ ☞	24-36"	Pink	Jun - Sep	Yellow-centered pink daisies, gray-green foliage. Showy!
-----------------------	-----	--------	------	-----------	--

ERINUS (Liver Balsam, Liverwort)

alpinus (Alpine Liverwort)

alpinus	☞	0-12"	Purple	Apr - May	Dense mat of low-growing foliage with lavender-purple blossoms.
---------	---	-------	--------	-----------	---

ERYNGIUM (Sea Holly, Snakeroot)

amethystinum

amethystinum	○ ☞	12-24"	Blue	Jun - Jul	Steel-blue flowers with stiff stems. Readily reseeds.
--------------	-----	--------	------	-----------	---

planum

NEW 'Sapphire Blue' PP1088	○ ☞	24-36"	Blue	Jun - Jul	Large spiny flowers emerge violet-blue and then mature to steel-blue. Keep moist for best flower color.
-----------------------------------	-----	--------	------	-----------	---

EUONYMOUS (Wintercreeper)

fortunei

'Colorata'	○ ☞ ▲	0-12"	-	-	Excellent large scale groundcover. Foliage turns purplish in fall.
------------	-------	-------	---	---	--

EUPATORIUM (Hardy Ageratum, Joe-Pye Weed, Mist Flower, Boneset)

aromaticum

NEW 'Joicus'	○ ☞	48"-Higher	White	Jul - Sep	White to pale pink flower heads appear above variegated white and green leaves.
---------------------	-----	------------	-------	-----------	---

purpureum (Joe-Pye Weed)

NEW 'Little Joe' PPAF	○ ☞	36-48"	Lavender	Jul - Sep	A more compact grower with shorter stems. Lavender-pink flower sprays.
------------------------------	-----	--------	----------	-----------	--

rugosum

'Chocolate'	○ ☞	36-48"	White	Jul - Aug	Contrasting burgundy-brown foliage and white flowers.
-------------	-----	--------	-------	-----------	---

EUPHORBIA (Spurge)

cyparissias

'Fens Ruby'	○ ☞	0-12"	Yellow	May - Jun	Spring foliage is ruby-red, then turns to blue-green. Chartreuse-yellow flower bracts. An excellent groundcover.
-------------	-----	-------	--------	-----------	--

myrsinites

myrsinites	○ ☞	0-12"	Yellow	May - Jun	Bluish-gray fleshy foliage with spiny leaves neatly arranged all along its stems. Certainly a unique groundcover.
------------	-----	-------	--------	-----------	---

polychroma (epithymoides)

polychroma (epithymoides)	○	12-24"	Yellow	May - Jun	Lemon-yellow flowers. Lime-green foliage turns red in fall.
---------------------------	---	--------	--------	-----------	---

FALLOPIA (Fleece Flower)

aubertii (Silver Lace Vine)

aubertii	○ ☞	Climber	White	Jul - Sep	Masses of creamy white flowers cover vining foliage. Fragrant.
----------	-----	---------	-------	-----------	--

'Lemon Lace'	○ ☞	Climber	White	Jul - Sep	Nearly identical to the regular Silver Lace Vine (F. aubertii), but with brilliant yellow to gold foliage.
--------------	-----	---------	-------	-----------	--

japonica/reynoutria

japonica	○ ☞	12-24"	Pink	Jul - Sep	Spreading habit. Foliage is crimson in fall. Easy to grow.
----------	-----	--------	------	-----------	--

FERN ADIANTUM

pedatum (Maidenhair Fern)

pedatum	▲	12-24"	-	-	Light green, fan-shaped fronds that turn to gold in fall.
---------	---	--------	---	---	---

FERN ATHYRIUM

angustum forma rubellum (Lady Fern)

'Lady in Red'	▲	24-36"	-	-	Exceptional variety with contrasting red-burgundy stems. Stems are strong and showy.
---------------	---	--------	---	---	--

felix-femina (Encourage Lady Fern)

NEW 'Encourage'	☞ ▲	0-12"	-	-	Fronds are a delightful light green, crested, and lacy.
------------------------	-----	-------	---	---	---

felix-femina (Ghost Lady Fern)

'Ghost'	☞ ▲	12-24"	-	-	"Ghostly" gray-green foliage. Neatly arranged leaflets.
---------	-----	--------	---	---	---

felix-femina (Lady Fern)

felix-femina	☞ ▲	36-48"	-	-	Adaptable to most soils. Somewhat drought-tolerant. Attractive fine-textured foliage.
--------------	-----	--------	---	---	---

felix-femina (Tatting Fern)

'Frizelliae'	☞ ▲	12-24"	-	-	Fronds resemble a necklace, with ball-like leaflets formed along each stem.
--------------	-----	--------	---	---	---

felix-femina (Victorian Lady Fern)

'Victoriae'	☞ ▲	12-24"	-	-	Unique frond structure with forked leaflets.
-------------	-----	--------	---	---	--

nipponicum (Japanese Painted Fern)

'Pictum'	☞ ▲	12-24"	-	-	Colorful burgundy stems contrasting with pinkish-tinted gray fronds. 2004 PPA Plant of the Year.
----------	-----	--------	---	---	--

otophorum (English Painted Fern)

otophorum	☞ ▲	12-24"	-	-	Colorful frosted green fronds. Somewhat drought and heat tolerant.
-----------	-----	--------	---	---	--

○ = tolerates sun

☞ = tolerates partial shade

▲ = tolerates shade

FERN DRYOPTERIS

affinis (Golden Scaled Male Fern)

<i>affinis</i>	☞ ▲	24-36"	-	Leaf stalks are fuzzy with scaly fibers. Easy to grow.
'The King'	☞ ▲	24-36"	-	Unique leaf segments are individually crested. Dark green, vigorous, and good size.

affinis (Narrow Crested Fern)

NEW 'Augustata Crispa'	☞ ▲	12-24"	-	Neat and tidy habit, vase-shaped in form. Frilled leaflets in a bright green color.
-------------------------------	-----	--------	---	---

atrata (Black Wood Fern)

<i>atrata</i>	☞ ▲	12-24"	-	Stiff, leathery fronds. Stems covered with coarse black hairs.
---------------	-----	--------	---	--

crassirhizoma (Thick-stemmed Wood Fern)

<i>crassirhizoma</i>	☞ ▲	24-36"	-	Vase-shaped habit, tidy appearance. Gives a natural look with its classic form.
----------------------	-----	--------	---	---

dilatata (Crisp Broad Buckler)

NEW 'Crispa Whiteside'	☞ ▲	12-24"	-	Soft texture makes you want to reach out and touch it. New growth is chartreuse green, maturing to medium green.
-------------------------------	-----	--------	---	--

erythrosora (Autumn Fern, Japanese Sword Fern)

<i>erythrosora</i>	☞ ▲	12-24"	-	Beige foliage turns green when mature, then bronze in fall.
--------------------	-----	--------	---	---

filix-mas (Lace-leaf Male Fern)

'Linearis Polydactyla'	☞ ▲	12-24"	-	Unique with slender drooping narrow fronds. Open and airy appearance allows complimenting plants to show through.
------------------------	-----	--------	---	---

filix-mas (Male Fern)

'Parsley'	☞ ▲	12-24"	-	Heavily ruffled fronds resembling, you guessed it, parsley. Very unique.
'Undulata-robusta'	☞ ▲	24-36"	-	Extremely nice cultivar with traditional habit and sturdy fronds.

filix-mas (Mexican Wood Fern)

NEW pseudo- <i>filix-mas</i>	○ ☞ ▲	24-36"	-	One of the few ferns that tolerate more sunlight. Keeps producing new fronds all season. Traditional habit and appearance.
-------------------------------------	-------	--------	---	--

FERN MATTEUCCIA

struthiopteris (Ostrich Fern)

<i>pennsylvanica</i>	☞ ▲	48"-Higher	-	Very nice, stately fern with fronds resembling feathers of an ostrich.
----------------------	-----	------------	---	--

NEW 'The King'	☞ ▲	48"-Higher	-	Large stature and extremely wide fronds. Sturdy and vigorous growth habits.
-----------------------	-----	------------	---	---

FERN ONOCLEA

sensibilis (Sensitive Fern, Bead Fern)

<i>sensibilis</i>	○ ☞ ▲	12-24"	-	Large fronds with deeply lobed, broad leaflets.
-------------------	-------	--------	---	---

FERN OSMUNDA

cinnamomea (Cinnamon Fern)

<i>cinnamomea</i>	▲	36-48"	-	Brown foliage when young, turning bluish-green at maturity.
-------------------	---	--------	---	---

regalis (Royal Fern)

<i>regalis</i>	☞ ▲	36-48"	-	Requires constant moisture. Can grow to 5 feet.
----------------	-----	--------	---	---

FERN POLYSTICHUM

acrostichoides (Christmas Fern)

<i>acrostichoides</i>	☞ ▲	24-36"	-	Rich green fronds that are silvery when young. Slow spreader.
-----------------------	-----	--------	---	---

polyblepharum (Japanese Tassel Fern)

<i>polyblepharum</i>	▲	12-24"	-	Coarse, dark green foliage and shiny surfaces. Clump former.
----------------------	---	--------	---	--

FILIPENDULA (Dropwort, Meadowsweet, Queen of the Prairie)

rubra

'Magnifica'	○ ☞ ▲	36-48"	Pink	Jul - Aug	Deep rose plumes atop tall foliage. Very little care needed, just allow room.
-------------	-------	--------	------	-----------	---

ulmaria

NEW 'Variegata'	○ ☞ ▲	36-48"	White	Jul - Aug	Variegated leaves consisting of creamy-white veins on green leaves. Same white to pale pink plumes and upright habit.
------------------------	-------	--------	-------	-----------	---

FRAGARIA (Alpine Strawberry)

Hybrid

'Lipstick'	○ ☞ ▲	0-12"	Red	Jul - Sep	Bright red flowers on fast spreading, vining foliage.
------------	-------	-------	-----	-----------	---

FRUIT COLLECTIONS - Many varieties of fruit are available, including various blueberries, grapes, raspberries, strawberries, and more. Please call or email us for availability.

☞ = tolerates partial shade

▲ = tolerates shade

FUCHSIA (Hardy Fuchsia)

magellanica

magellanica	○ ☞ ▲	0-12"	Red	Jun - Aug	Pendulous pinkish-red flowers on dark green foliage. Moisture-loving. Excellent in containers!
-------------	-------	-------	-----	-----------	--

GAILLARDIA (Blanket Flower)

aristata

'Arizona Sun'	○ ☞	0-12"	Red	Jun - Aug	Flowers have wide red centers and yellow fringed edges.
'Bijou'	○ ☞	0-12"	Red	Jul - Aug	Orange-red flowers with yellow tips. Slightly more compact than G. 'Goblin.'
NEW 'Oranges & Lemons' PPAF	○ ☞	24-36"	Orange	Jul - Aug	Outstanding flower color combination of peachy orange with petals tipped in yellow.

x grandiflora

'Burgundy'	○ ☞	24-36"	Red	Jul - Aug	Solid wine-red to rust-red flowers. Taller growing and showy.
'Fanfare' PP15892	○ ☞	12-24"	Orange	Jun - Sep	Outstanding newer introduction with orange, yellow, and scarlet flowers. Petals are uniquely trumpet-shaped.
'Goblin'	○ ☞	0-12"	Red	Jun - Aug	Red petals with yellow tips. Excellent dwarf variety, long-blooming.
'Summer's Kiss' PPAF	○ ☞	12-24"	Yellow	Jun - Aug	Flowers consist of an interesting blend of apricot, gold, and orange.

GALIUM (Sweet Woodruff)

odoratum

odoratum	☞ ▲	0-12"	White	Jul - Aug	Light green, fine textured foliage. Fragrant small flowers. Sometimes goes by the name of <i>Asperula odoratum</i> .
----------	-----	-------	-------	-----------	--

GAURA (Wand Flower)

lindheimeri

NEW 'Passionate Rainbow' PPAF	○ ☞	24-36"	Pink	Jun - Sep	A variegated version of O. 'Siskiyou Pink' with leaves edged in creamy white.
'Pink Cloud'	○ ☞	36-48"	Pink	Jun - Aug	Larger than G. 'Siskiyou Pink,' with plentiful deep rose butterfly-like blossoms.
NEW 'Pink Fountain'	○ ☞	24-36"	Pink	Jun - Sep	A newcomer with outstanding blooming performance. Pink butterfly-like blossoms appear almost all season long.
'Siskiyou Pink'	○ ☞	24-36"	Pink	Jul - Sep	Rich pink and white blossoms resembling fluttering butterflies. Long-blooming.
NEW 'The Bride'	○ ☞	36-48"	White	Jun - Aug	Delicate white blooms tinged with red. A slightly taller variety with airy, but strong, stems.
'Whirling Butterflies'	○ ☞	24-36"	White	Jul - Aug	Slightly more compact than most of the lindheimeri varieties. Brighter white flowers, too.
NEW 'White Fountain'	○ ☞	24-36"	White	Jun - Sep	Like G. 'Pink Fountain,' with extremely long-blooming traits and white nodding flowers tinged lightly with pink.

GAZANIA (Treasure Flower)

linearis

'Colorado Gold'	○ ☞	0-12"	Yellow	Jun - Aug	Award-winning, hardy cousin to the annual Gazanias. Winter protection/mulching is beneficial.
-----------------	-----	-------	--------	-----------	---

GENTIANA (Gentian)

septemfida

lagodechiana	○ ☞	12-24"	Blue	Aug - Sep	Originating from Asia Minor with intense blue flowers. Winter protection/mulching is beneficial.
--------------	-----	--------	------	-----------	--

GERANIUM (Cranesbill)

cinereum (Grayleaf Cranesbill)

'Ballerina'	○ ☞ ▲	0-12"	Pink	May - Jun	Lilac-pink flowers veined in deeper purple. Award-winner.
'Splendens'	○ ☞ ▲	0-12"	Pink	May - Jun	Grayish-green foliage with hot-pink blossoms.

Hybrid

NEW 'Brookside'	○ ☞ ▲	12-24"	Blue	Jul - Sep	A newer blue introduction with sapphire-blue petals with lighter centers. Attractive flop-free foliage, leaves turn reddish in fall.
'Dily's'	○ ☞ ▲	0-12"	Lavender	Jul - Sep	A cross between the procurrans and sanguineum species. An excellent groundcover with compact foliage and lavender-pink flowers.
'Johnson's Blue'	○ ☞ ▲	12-24"	Blue	Jul - Sep	Clear blue blossoms. Spreading habit. Excellent performer.
NEW 'Jolly Bee' PP12148	○ ☞ ▲	12-24"	Purple	Jul - Sep	Violet-blue to purple blossoms similar to G. 'Rozanne,' but with a slightly more upright habit. Long-blooming.
'Rozanne' PP12175	○ ☞ ▲	12-24"	Purple	Jun - Sep	Violet-blue to purple flowers. Quick to get established, easy to grow. Free-flowering most of the season.
'Tiny Monster'	○ ☞ ▲	12-24"	Pink	Jun - Aug	Purple to pink 5-petaled flowers appear above spreading lush foliage.

macrorrhizum

NEW 'Bevan's Variety'	○ ☞ ▲	0-12"	Pink	May - Jul	Rose-pink flowers form on upright stems quite a bit above the foliage. Reblooms throughout the season.
'Ingwersen's Variety'	○ ☞ ▲	12-24"	Lavender	May - Jun	Lavender-pink flowers over glossy foliage.
'New Hampshire Purple'	○ ☞ ▲	12-24"	Purple	May - Jul	Free-flowering reddish-purple blossoms. Absolutely one of the best.

○ = tolerates sun

☞ = tolerates partial shade

▲ = tolerates shade

magnificum

magnificum	○ ☞ ▲	12-24"	Lavender	Jun - Aug	Upright habit, sturdy stems. Violet to lavender blossoms.
------------	-------	--------	----------	-----------	---

pratense

'Midnight Reiter'	○ ☞ ▲	0-12"	Lavender	Jul - Aug	Deep purple foliage with dark lavender flowers. Compact variety.
-------------------	-------	-------	----------	-----------	--

sanguineum (Bloody Cranesbill)

sanguineum	○ ☞ ▲	12-24"	Pink	May - Jul	Very popular variety. Excellent performance with long-lasting pink blossoms.
------------	-------	--------	------	-----------	--

'Striatum'	○ ☞ ▲	0-12"	Pink	May - Jul	Veined light pink and white flowers produced by creeping, tight foliage.
------------	-------	-------	------	-----------	--

'Vision Violet'	○ ☞ ▲	0-12"	Purple	May - Jul	Carmine-red to violet-purple flowers with a compact and tidy habit.
-----------------	-------	-------	--------	-----------	---

x cantabrigiense

'Biokova'	○ ☞ ▲	0-12"	White	Jul - Sep	White flowers tinged with pink. Exceptional and easy to grow. Fragrant foliage.
-----------	-------	-------	-------	-----------	---

NEW 'Cambridge'	○ ☞ ▲	0-12"	Pink	Jul - Sep	The result of <i>G. macrorrhizum</i> and <i>G. dalmaticum</i> with lower-growing foliage forming a beautiful 8-12" mat. Baby pink long-blooming flowers.
------------------------	-------	-------	------	-----------	--

'Karmina'	○ ☞ ▲	0-12"	Pink	Jul - Sep	Dark, rose-pink blossoms atop compact foliage. Fragrant.
-----------	-------	-------	------	-----------	--

GEUM (Avens)**chiloense**

'Lady Stratheden'	○ ☞	12-24"	Yellow	Jun - Jul	Bright yellow flowers are doubled or semi-doubled form. Keep moist.
-------------------	-----	--------	--------	-----------	---

'Mrs. Bradshaw'	○ ☞	12-24"	Red	Jun - Jul	Nice clumps of lighter green, fuzzy foliage. Orange-red flowers.
-----------------	-----	--------	-----	-----------	--

flora plena

NEW 'Blazing Sunset'	○ ☞	12-24"	Red	Jun - Jul	Slightly taller stems with bright scarlet-red to orange fully double blooms that are much larger than other varieties..
-----------------------------	-----	--------	-----	-----------	---

Hybrid

'Fireball'	○ ☞	12-24"	Orange	May - Jul	Orange-yellow, semi-double flowers. A great orange flower for spring!
------------	-----	--------	--------	-----------	---

GRASS ACORUS (Variegated Sweet Flag)**calamus**

'Variegatus'	○ ☞	12-24"	Green	Jul - Aug	Vertically striped cream and green sword-like foliage. Moisture-loving, grows 18-24", non-invasive. Insignificant flowers.
--------------	-----	--------	-------	-----------	--

gramineus

'Pusillus Minimus Aureus'	○ ☞	0-12"	Brown	May - May	A spectacular little grass for contrast, grows 4-8". Moderate spreader. Insignificant flowers.
---------------------------	-----	-------	-------	-----------	--

GRASS CALAMAGROSTIS (Reed Grass)**acutiflora**

NEW 'Eldorado' PPAF	○ ☞	48"-Higher	Brown	Jul - Oct	Rare gold variegated form of <i>C. 'Karl Foerster.'</i> Green leaves with bright gold midrib. Grows 4-5'.
----------------------------	-----	------------	-------	-----------	---

'Karl Foerster'	○ ☞	48"-Higher	Brown	Jul - Oct	Wheat-like plumes in June above green 2-3' leaf blades. 2001 PPA Plant of the Year.
-----------------	-----	------------	-------	-----------	---

'Overdam'	○ ☞	24-36"	Brown	Jul - Oct	Plumes open rosy-purple then turn tan. Good habit, grows 3-4', variegated white and green foliage.
-----------	-----	--------	-------	-----------	--

arundinacea

var. brachytricha	○ ☞	24-36"	Silver	Aug - Oct	Good clumping grass during summer. Grows 30-40", excellent display in fall.
-------------------	-----	--------	--------	-----------	---

GRASS CAREX (Sedge Grass)**buchananii (Leather-leaf Sedge)**

buchananii	☞ ▲	12-24"		May - May	Reddish-bronze leaves with curly tips. Grows 18-30", insignificant flowers. Winter hardiness for zone 5 still in question.
------------	-----	--------	--	-----------	--

conica

NEW 'Snowline'	☞ ▲	0-12"		-	Tight and compact clumps of narrow green leaves edged in white. Grows 8-10".
-----------------------	-----	-------	--	---	--

elata (Gold Sedge)

'Bowles Golden'	☞ ▲	24-36"	Green	May - May	Striking! Slight green margins on brilliant golden-yellow foliage. Insignificant flowers.
-----------------	-----	--------	-------	-----------	---

hachijoensis (Variegated Japanese Sedge)

'Evergold'	☞ ▲	0-12"	Brown	May - May	Creamy yellow blades with green margins. Excellent as a contrast plant. Insignificant flowers.
------------	-----	-------	-------	-----------	--

morowii (Variegated Sedge)

'Ice Dance'	☞ ▲	0-12"		May - May	Wide leaves with white margins. Excellent as a groundcover or contrast plant. Insignificant flowers.
-------------	-----	-------	--	-----------	--

'Silver Scepter'	☞ ▲	0-12"		May - May	Narrow leaves edged in white. Slow spreading and great for an accent plant to brighten up any shady area. Grows 10-12", insignificant flowers.
------------------	-----	-------	--	-----------	--

muskingumensis (Palm Leaf Sedge)

'Little Midge'	☞ ▲	0-12"	Yellow	Jul - Aug	Truly unique foliage that appears bamboo-like, grows 8-12". Insignificant flowers but an outstanding foliage plant.
----------------	-----	-------	--------	-----------	---

'Oehme'	☞ ▲	12-24"		Jul - Aug	Upright arching stems producing variegated creamy yellow and green leaves. Grows 18-24", insignificant flowers.
---------	-----	--------	--	-----------	---

○ = tolerates sun

☞ = tolerates partial shade

▲ = tolerates shade

siderosticha (Creeping Variegated Broad Leaf Sedge)

'Variegata'	☞ 🌑	0-12"	Brown	May - May	Resembling a narrow-leaved Hosta with white centers and green margins, grows 6-10". Insignificant brown-black spike flowers.
-------------	-----	-------	-------	-----------	--

GRASS CORTADERIA (Pampas Grass)

selloana

'Pumila'	○ ☞	48"-Higher		Sep - Oct	Compact variety of Pampas Grass. Growing 4-5 feet with huge showy white plumes. Benefits from winter protection/mulching.
----------	-----	------------	--	-----------	---

GRASS DESCHAMPSIA (Tufted Hair Grass)

caespitosa

NEW 'Bronze Veil'	○ ☞	12-24"		Jul - Aug	Extremely cold hardy and easy to grow. Grows 30-36" with attractive bronze inflorescences.
--------------------------	-----	--------	--	-----------	--

GRASS ERIANTHUS (Hardy Pampas Grass, Ravenna Grass)

ravennae

<i>ravennae</i>	○ ☞	48"-Higher	Silver	Sep - Oct	Huge, 8-10' tall stems, silver wheat-like plumes maturing to tan. Truly a bold specimen plant.
-----------------	-----	------------	--------	-----------	--

GRASS FESTUCA (Blue Fescue, Sheeps Fescue)

glauca

'Elijah Blue'	○ ☞	0-12"	Brown	Jun - Aug	Excellent blue foliage that keeps its color all summer. Seems to plume out about every other season with small tannish-brown wheat-like plumes.
<i>glauca</i>	○ ☞	0-12"	Brown	Jun - Aug	Narrow blue-gray leaf blades. Produces small tan-brown wheat-like plumes about every other year.

GRASS HAKONECHLOA (Forest Grass, Hakone Grass)

macra

'All Gold'	☞ 🌑	0-12"	Green	Jul - Aug	Chartreuse-green foliage. An improved macra variety, slightly more upright and winter hardy. Grows 12-14".
<i>macra</i>	☞ 🌑	12-24"	Green	Jul - Aug	Graceful chartreuse-green foliage resembling miniature bamboo. Slow to spread. Grows 12-18", insignificant flowers.

macra (Golden Variegated Hakone Grass)

'Aureola'	☞ 🌑	12-24"	Green	Jul - Aug	Sharp-looking variegated yellow and green foliage. Grows 12-18", insignificant flowers.
-----------	-----	--------	-------	-----------	---

GRASS HELICTOTRICHON (Blue Oat Grass)

sempervirens

<i>sempervirens</i>	○ ☞	24-36"		Jul - Aug	Fine, steel-blue leaves, with beige flowers. Columnar habit.
---------------------	-----	--------	--	-----------	--

GRASS IMPERATA (Japanese Blood Grass)

cylindrica

'Red Baron'	○ ☞	12-24"		-	Green foliage at the base, turning to red at the tips. Bronze-burgundy foliage in fall. Grows 16-20", seldom flowers.
-------------	-----	--------	--	---	---

GRASS ISOLEPIS (Fiber Optic Grass)

cernua

<i>cernua</i>	○ ☞	0-12"	Brown	-	Turf-like leaf blades each ending in a tiny little brown puffball plume.
---------------	-----	-------	-------	---	--

GRASS JUNCUS (Rush)

effusus

'Curly Wurly'	○ ☞	0-12"		-	Curious plant with leafless stems tightly forming wild corkscrews. Grows 8-12".
'Unicorn'	○ ☞	0-12"		-	No better name for this specimen, as its upright stems are nearly identical to a unicorn's horn. Grows 12-18".

GRASS LEYMUS (Dune Grass, Lyme Grass, Wild Rye)

arenarius

NEW 'Blue Dune'	○ ☞	24-36"		-	Formerly Elymus, this bright blue-green foliated variety is perfect for those hard to grow areas. Grows 24-30", can be invasive.
------------------------	-----	--------	--	---	--

GRASS LUZULA (Wood Rush)

Hybrid

NEW 'Ruby Stiletto'	○ ☞ 🌑	0-12"		May - Jun	Green foliage tipped in red appears early in season, followed by bronze tufts. Grows 8-12".
----------------------------	-------	-------	--	-----------	---

GRASS MISCANTHUS (Eulalia Grass, Maiden Grass)

sinensis

'Adagio'	○ ☞	36-48"		Sep - Sep	Light pink florets turn to white above tough and hardy foliage. Compact, grows 3-4'.
'Bluetenwunder'	○ ☞	48"-Higher	Silver	Sep - Oct	Beautiful green-blue leaves with contrasting silvery plumes. Grows to 6'.
'Cabaret'	○ ☞	48"-Higher	Silver	Sep - Oct	Broad, wide leaves with white center stripe. Very nice form. Grows 5-6'. May not flower if fall season is cold.
'Dixieland'	○ ☞	36-48"	Silver	Sep - Oct	A dwarf variety of M. 'Silver Arrow.' Striped green and white blades. Doesn't flop over, grows 3-4'.

○ = tolerates sun

☞ = tolerates partial shade

🌑 = tolerates shade

	'Ferner Osten'	○ ☞	48"-Higher	Silver	Aug - Oct	Earlier to plume than most Miscanthus. Plumes open purplish then mature to silver. Grows 4-5'.
	'Flamingo'	○ ☞	48"-Higher	Silver	Aug - Oct	One of the earlier Miscanthus to plume, with strong stems and pink-tinged plumes maturing to silver. Grows 5-6'.
	'Gracillimus'	○ ☞	48"-Higher	Silver	Oct - Oct	The most popular Maiden Grass. Late to plume. May not flower if fall season is cold. Grows 5-6'.
	'Graziella'	○ ☞	48"-Higher	Silver	Aug - Oct	An alternative to M. 'Gracillimus' with earlier plumes. Grows to 6'.
	'Helga Reich'	○ ☞	48"-Higher	Brown	Sep - Oct	Graceful foliage and coppery-silver plumes aging to tan. Grows 4-5'.
	'Huron Sunrise' PPAF	○ ☞	48"-Higher		Sep - Sep	An excellent selection with burgundy plumes and deep green blades. 5-6'.
NEW	'Kaskade'	○ ☞	48"-Higher	Silver	Jul - Sep	Graceful and drooping pink-tinged silvery plumes appear early in the season. Grows 5-6'.
	'Little Kitten'	○ ☞	24-36"	Silver	Sep - Oct	Excellent for its compact habit. Plumes stand high above the narrow green leaves. Grows 18-30".
	'Little Zebra'	○ ☞	36-48"	Silver	Aug - Oct	A miniature Zebra Grass with horizontal banding. Reliable plumage every year. Grows 3-4'.
	'Malepartus'	○ ☞	48"-Higher	Silver	Sep - Oct	Unique leaves bend to a 90 degree angle to the stalk. Pinkish-purple plumes mature to silver. Grows 5-6'.
	'Morning Light'	○ ☞	36-48"	Silver	Sep - Oct	Vertical thin stripes of white and green. Nice columnar and compact appearance. Grows 4-5'.
	'Positano'	○ ☞	48"-Higher		Sep - Oct	Reddish plumes produced by graceful, arching foliage.
	'Purpurascens'	○ ☞	36-48"	Silver	Aug - Oct	Foliage gradually turns bronze-red throughout the season. Silvery plumes in early fall. Grows 4-5'.
	'Silberfeder' ('Silver Feather')	○ ☞	48"-Higher	White	Aug - Oct	Shiny, silvery near-white plumes. Earlier to plume. Grows to 6'.
	'Silver Arrow'	○ ☞	48"-Higher	Silver	Sep - Oct	Wide leaf blades, neat and heavily variegated. Can grow as wide as it is tall, usually 5-6'.
	'Sirene'	○ ☞	48"-Higher	Brown	Sep - Oct	Unique wisk-broom-like plumes on top, with a second tier of purplish plumes below. Grows 5-6'.
	'Strictus'	○ ☞	48"-Higher	Silver	Sep - Oct	1" horizontal golden bands along wide arching leaves. More upright than M. 'Zebrinus.' Grows 5-6'.
	'Undine'	○ ☞	48"-Higher	Silver	Sep - Oct	Arching foliage with tall stems which produce very fluffy silvery-white plume heads. Grows 6-7'.
	'Variegatus'	○ ☞	48"-Higher	Silver	Aug - Oct	Very clean and erect blades, green and white striped. Grows 6-8'.
	'Zebrinus'	○ ☞	48"-Higher	Silver	Sep - Oct	Horizontal bands of creamy white. Plumes stay well into winter. Grows 6-7'.

GRASS PANICUM (Switch Grass)

virgatum

NEW	'Hanse Herms'	○ ☞	24-36"	Tan	Aug - Oct	Compact Panicum variety with green foliage turning a bright burgundy-red in autumn months. Grows 30-36".
	'Heavy Metal'	○ ☞	36-48"	Tan	Aug - Oct	Stiff and upright habit with metallic blue foliage. Grows 3-4'.
	'Northwind'	○ ☞	48"-Higher	Tan	Aug - Oct	Upright and vase-shaped, with deep green leaf blades. Grows 5-6'.
	'Rotstrahlbush'	○ ☞	36-48"	Tan	Sep - Oct	Leaves turn reddish in the fall months. Drought-tolerant. Grows 3-4'.

GRASS PENNISETUM (Fountain Grass)

alopecuroides

	alopecuroides	○ ☞	24-36"	Tan	Aug - Oct	Airy, feathery plumes above medium green narrow leaves. Classic mounding appearance. Grows 30-36".
NEW	'Cassian'	○ ☞	12-24"	Tan	Jul - Oct	More upright than most Pennisetum, with a sturdy vase-shaped habit. Grows to 24".
	'Hameln'	○ ☞	12-24"	Tan	Aug - Oct	Slightly more compact than the regular P. <i>alopecuroides</i> , with dark green foliage and late summertime plumes. Grows 24-30".
	'Japonicum' ('Foxtrot')	○ ☞	48"-Higher	Tan	Aug - Oct	One of the taller and larger Fountain Grasses. Large flowering, too, with dark tan plumes. Grows 4-5'.
	'Little Bunny'	○ ☞	0-12"	Tan	Aug - Oct	A cute dwarf variety with soft textured foliage and fuzzy small plumes. Compact and easy to maintain. Grows to 12".
	'Little Honey'	○ ☞	0-12"	Tan	Aug - Oct	Very similar to P. 'Little Bunny,' but with silver variegated foliage. Grows to 12".
	'Moudry'	○ ☞	24-36"	Gray	Sep - Oct	Dark green foliage producing tan and dark brown to gray tinted plumes. Grows to 3'.
	'Viridescens'	○ ☞	24-36"	Black	Jul - Sep	Blackish bottle-brush plumes held high above glossy foliage. Earlier to plume than P. 'Moudry.' Grows 24-36".

orientale

	'Karley Rose' PPAF	○ ☞	24-36"		Jul - Aug	Long-blooming plumes of smoky rose. Deep green foliage. Hardy.
--	--------------------	-----	--------	--	-----------	--

setaceum

	'Rubrum'	○ ☞	24-36"	Pink	Jun - Aug	We are listing this due to the many requests for this grass, but it is NOT HARDY for our area! Burgundy leaf blade and fuzzy pink-tinged plumes.
--	----------	-----	--------	------	-----------	--

GRASS PHALARIS (Ribbon Grass)

arundinacea

	'Feesey's Form'	○ ☞	24-36"	Pink	Jul - Aug	Green and white variegated foliage, with a hint of pink. Pink-tinged tan plumes. Grows 10-20".
--	-----------------	-----	--------	------	-----------	--

○ = tolerates sun

☞ = tolerates partial shade

☝ = tolerates shade

GRASS PLEIOBLASTUS (Dwarf Bamboo)

auricoma / *viridistriata*

auricoma	○ ☞	24-36"	-	Bright green and golden leaves. Spreading habit, but can be contained with deep edging. Grows 2-3'.
-----------------	-----	--------	---	---

fortunei

NEW 'Variegata'	○ ☞	12-24"	-	White and green variegated leaves. Spreading habit, but can be contained with deep edging. Grows 10-20".
------------------------	-----	--------	---	--

GRASS SCHIZACHYRIUM (Little Bluestem)

scoparium

'The Blues'	○ ☞	12-24"	Tan	Aug - Sep	Steel-blue and green foliage turning yellowish and burgundy in fall. Grows 18-30".
-------------	-----	--------	-----	-----------	--

GYPSOPHILA (Baby's Breath)

cerastoides

cerastoides	○ ☞	0-12"	White	May - Jul	Delicate white flowers veined with lilac formed on dense low-growing foliage.
--------------------	-----	-------	-------	-----------	---

paniculata

'Bristol Fairy'	○ ☞	24-36"	White	Jun - Jul	The most popular Baby's Breath variety. Flowers are double pure white.
'Compacta Plena'	○ ☞	12-24"	White	Jun - Jul	Long-lived and hardy. Compact and shorter growing with full white flowers.
'Pink Fairy'	○ ☞	24-36"	Pink	Jun - Jul	Light pale pink double flowers, gray-green foliage.
'Viette's Dwarf'	○ ☞	12-24"	Pink	Jun - Jul	Very attractive edging plant, free flowering.

repens

rosea	○ ☞	0-12"	Pink	Jun - Aug	Low-growing foliage producing dainty light pink blossoms. Free-flowering all summer.
--------------	-----	-------	------	-----------	--

HEATH / HEATHER

Erica carnea (Spring Heath)

NEW 'December Red'	○ ☞	0-12"	Pink	Apr - Jun	Deep pink to red flower clusters. Semi-evergreen. Prefers acidic soil, but will tolerate all conditions.
NEW 'Winter Beauty'	○ ☞	0-12"	Pink	Apr - Jun	Pink to light pink flowers amidst semi-evergreen foliage. Prefers acidic soil, but will tolerate all conditions.

HEDERA (English Ivy)

helix

helix	○ ☞ ☀	0-12"	-	One of the most common groundcovers. Climbs with support as well. Classic deep green foliage.
--------------	-------	-------	---	---

HELENIUM (Sneezeweed)

autumnale

NEW 'Coppelia' PP11243	○ ☞	24-36"	Red	May - Jul	Copper-red saucers give a dazzling summer display. Slightly earlier to flower than most varieties.
-------------------------------	-----	--------	-----	-----------	--

HELIANTHUS (Perennial Sunflower)

salicifolius (Willow Leaf Sunflower)

'Low Down' PP13197	○ ☞	0-12"	Yellow	Aug - Sep	Compact growing variety. Great for late season color with yellow-gold daisy flowers.
--------------------	-----	-------	--------	-----------	--

HELIOPSIS (False Sunflower)

helianthoides

'Prairie Sunset' PP13379	○ ☞	36-48"	Yellow	Jul - Sep	Exciting variety with yellow flowers and a burgundy-wine eye. Foliage has a burgundy tint. Long-blooming.
'Summer Nights'	○ ☞	36-48"	Yellow	Jul - Sep	Large golden daisy petals blending into a mahogany-red eyezone.
'Summer Sun'	○ ☞	36-48"	Yellow	Jul - Sep	Very showy, with long-blooming golden-yellow flowers.

Hybrid

'Lorraine Sunshine' PP10690	○ ☞	24-36"	Yellow	Jul - Sep	Yellow daisies above distinct crackle marbled leaves of creamy-white with deep green veins.
-----------------------------	-----	--------	--------	-----------	---

HELLEBORUS (Christmas Rose, Hellebore, Lenten Rose)

Hybrid

'Blackthorn Strain'	☞ ☀	12-24"	Green	Apr - May	Considered to be one of the best due to its ability to hold its flowers above the foliage instead of beneath like most Helleborus. Flowers have green tops and mauve-pink undersides.
NEW 'Ivory Prince' PPAF	☞ ☀	12-24"	White	Apr - Apr	Ivory-white flowers with undersides blushed with dusty pink and rose.
Hybrid (Lady Series)					
'Blue Lady'	☞ ☀	12-24"	Lavender	Apr - Apr	Lavender-blue flowers with rounded flowers. Semi-evergreen. Drought tolerant.
'Pink Lady'	☞ ☀	12-24"	Pink	Apr - Apr	Upright facing light pink and rose flowers. Drought tolerant.
NEW 'Red Lady'	☞ ☀	12-24"	Red	Apr - Apr	Burgundy to burgundy-red petals with even deeper centers. Drought tolerant.

Hybrid (Royal Heritage Series)

'Royal Heritage Hybrids'	☞ ☀	12-24"	Mix	Apr - Apr	A beautiful assortment of large flowers in white, rosy-plum, and smoky-purple.
--------------------------	-----	--------	-----	-----------	--

○ = tolerates sun

☞ = tolerates partial shade

☀ = tolerates shade

HEMEROCALLIS (Daylily)

Designer Series - These varieties are a cut above the rest, with many superior qualities compared to "normal" daylilies. These qualities include higher bud count, vigorous and healthy performance, richer colors, heavier textures, and highly adaptable.

NEW	'Apricot Sparkles' PP13223	○ ☞	12-24"	Apricot	Jun - Sep	Repeat bloomer. Compact grower with flowers of perfect form. Completely apricot-gold with ruffled petals and long-blooming qualities.
	'Barbara Mitchell'	○ ☞	24-36"	Pink	Jul - Aug	Repeat bloomer. Award-winning, perfectly shaped, ruffled pale pink blooms.
NEW	'Bold Tiger'	○ ☞	24-36"	Orange	Jul - Aug	Bold orange blooms sporting a red eye and yellow throat. Award-winning.
	'Catherine Neal'	○ ☞	24-36"	Purple	Jul - Aug	One of the best dark purple varieties. Award-winner.
	'Country Melody'	○ ☞	24-36"	Pink	Jun - Aug	Tetraploid and award-winning. True pink flowers fading to soft yellow near the centers. Pale pink midribs.
	'Daring Deception'	○ ☞	12-24"	Purple	Jun - Aug	Tetraploid. Large purple eye and purple edges around creamy pink. Incredible.
	'Imperial Lemon'	○ ☞	24-36"	Yellow	Jun - Aug	Tetraploid and repeat bloomer. Huge 7" heavily ruffled flowers. Award-winner.
	'Janice Brown'	○ ☞	12-24"	Pink	Jun - Aug	Tetraploid and repeat bloomer. Bright pink award-winner with a rose-pink eyezone.
	'Joan Senior'	○ ☞	24-36"	White	Jun - Jul	Repeat bloomer. One of the best near-white varieties. Recurved petals.
	'Rose Emily'	○ ☞	12-24"	Pink	Jun - Aug	Award-winner with rosy-pink wide petals and yellow throat. Repeat bloomer.
	'Rosy Returns' PP9779	○ ☞	12-24"	Pink	May - Aug	Everblooming and reportedly as evolutionary as the original 'Stella de Oro.' Light dusty rose flowers.
	'Siloam Amazing Grace'	○ ☞	12-24"	Yellow	Jun - Aug	Graceful heavily ruffled flowers of soft yellow with light midrib. Absolutely fantastic.
	'Siloam Double Classic'	○ ☞	12-24"	Pink	Jun - Aug	Incredible double form. Long-blooming clear pink blossoms. Award-winner.
NEW	'South Seas'	○ ☞	24-36"	Pink	Jun - Aug	Tetraploid. Unique coral-tangerine color that is difficult to find in the daylily world. Award-winner.
	'Strawberry Candy'	○ ☞	12-24"	Pink	May - Jul	Tetraploid. Steadily becoming one of the best selling daylilies worldwide. Strawberry-pink with rose-red eyezone. Award-winning member of the "Candy" family.
	'Strutter's Ball'	○ ☞	12-24"	Purple	Jun - Jul	Deep purple with lavender-silver petals and a creamy yellow throat.
NEW	'Sunday Gloves'	○ ☞	24-36"	White	Jun - Aug	Beautifully ruffled fragrant near-white blooms with a small lime-green throat.
NEW	'Vanilla Candy'	○ ☞	12-24"	White	Jun - Aug	Creamy white to pale pink petals surrounding a purple-wine eye. Another great "Candy" selection.
NEW	'Wineberry Candy'	○ ☞	12-24"	Pink	Jun - Aug	Soft orchid-pink petals with a purple to wine-red eye. Another great "Candy" variety.
Hybrid						
NEW	'Atlanta Heart Stealer'	○ ☞	24-36"	Pink	Jul - Aug	Tetraploid. Pink and pale-pink petals. Petals contain a pronounced white midrib.
	'Bama Music'	○ ☞	24-36"	Pink	Jul - Aug	Pale pink self with yellow throat.
	'Black-Eyed Susan'	○ ☞	12-24"	Gold	Jul - Aug	Tetraploid. Yellow and gold with a reddish-purple eyezone. Rebloomer.
	'Chicago Apache'	○ ☞	24-36"	Red	Jun - Jul	Tetraploid with ruffled, sun-fast bright red flowers. Intense color.
	'Edge of Darkness'	○ ☞	12-24"	Lavender	Jun - Jul	Lavender-purple with deep purple edges on the 3 front petals. Stunning!
	'Fairy Tale Pink'	○ ☞	12-24"	Pink	Jul - Jul	Large flowers, ruffled, pale-pink in color, award-winning. Wow!
	'Frans Hals'	○ ☞	24-36"	Orange	Jul - Aug	Rusty-orange with pale yellow midribs.
NEW	'French Tudor'	○ ☞	24-36"	Pink	Jul - Aug	Tetraploid. Rose-pink flowers with terrific form, featuring a pale pink eyezone.
	'Gentle Shepherd'	○ ☞	24-36"	White	Jul - Jul	Near white petals with a yellow-chartreuse throat.
	'Gordon Biggs'	○ ☞	24-36"	Red	Jun - Jun	Green throat, bright red eyezone, and raspberry-red petals.
	'Happy Returns'	○ ☞	0-12"	Yellow	May - Sep	One of the longest blooming daylilies. Lemon-yellow blooms.
	'Hyperion'	○ ☞	36-48"	Yellow	Jun - Jul	Tall, stately stems, lemon-yellow blooms. VERY fragrant!
	'Ice Carnival'	○ ☞	24-36"	White	Jul - Jul	Green throated, with near-white petals. Hard to beat for a white daylily.
	'Lime Frost'	○ ☞	12-24"	White	Jul - Aug	Tetraploid with later-blooming white flowers tinged with green and yellow.
	'Little Business'	○ ☞	12-24"	Red	Jun - Aug	Repeat bloomer. Rich rose-red flowers.
	'Little Grapette'	○ ☞	0-12"	Purple	Jun - Jun	One of the nicer miniatures. Dark purple with green throat.
NEW	'Love Gift'	○ ☞	12-24"	Pink	Jun - Jul	Large yellow eye surrounded by pastel rose-pink. Curved, attractive flowers. Repeat bloomer.
	'Mary Todd'	○ ☞	24-36"	Yellow	Jun - Jul	Heavy texture, multiple award-winner. Fabulous performer.
NEW	'Miracle Maid'	○ ☞	24-36"	Red	Jun - Jul	Tetraploid. Vigorous grower with standout color. Rich red with a chartreuse throat.
	'Nanuq'	○ ☞	12-24"	White	Jul - Aug	Wide recurved petals of pure white. Small chartreuse-green throat.
	'North Port'	○ ☞	24-36"	Lavender	Jul - Aug	Orchid, peach, and lavender blend, edged in violet. Green throat.
	'Pandora's Box'	○ ☞	12-24"	White	Jun - Jul	Creamy-white bloom with a striking dark purple halo.
	'Pardon Me'	○ ☞	12-24"	Red	Jul - Aug	Repeat blooming brick-red with yellow throat.
NEW	'Purple Storm'	○ ☞	24-36"	Lavender	Jul - Aug	Lavender-pink petals with a deep purple eye and matching small purple petal edging.
	'Rocket City'	○ ☞	24-36"	Orange	Jul - Aug	Tetraploid. Burnt orange eyezone, coppery-orange petals.
NEW	'Siloam Paul Watts'	○ ☞	12-24"	Red	Jun - Jul	One of the best reds to date, with perfect form and long-blooming qualities. Award-winner.
NEW	'Spacecoast Gator Eye'	○ ☞	12-24"	Purple	Jul - Aug	Tetraploid. Repeat bloomer. Dark purple eyezone and throat with cream petals tipped in the same dark purple.
	'Spellbinder'	○ ☞	24-36"	Gold	Jul - Aug	Tetraploid. Large and bold gold flowers, always an eye-catcher.
	'Stella de Oro'	○ ☞	0-12"	Gold	May - Sep	Still the most popular daylily. Long-blooming and showy.

○ = tolerates sun

☞ = tolerates partial shade

☝ = tolerates shade

'Sunday Gloves' ○ ☞ 12-24" White Jul - Aug Near white flowers, soft yellow center, and ruffled edges.

HEPATICA (Liverleaf, Mayflower)

nobilis

nobilis ☞ 🌱 0-12" Mix Apr - May Heart shaped, evergreen leaves. Light colored mix.

HERBS - We carry a wide variety of herbs. Too many to list in this space, so call or email for availability.

HERNIARIA (Rupturewort)

glabra

'Sea Foam' ○ ☞ 0-12" Jun - Jul An alternative creeper for in-between stepping stones and rockery with variegated leaves. Insignificant flowers.

HESPERIS (Dame's Rocket)

matronalis

'Sweet Rocket Mix' ○ ☞ 12-24" Purple Jun - Jul Showy flowers resembling garden phlox are sometimes white but mostly purple.

HEUCHERA (Alumroot, Coral Bells)

americana

'Velvet Night' ○ ☞ 🌱 12-24" Jun - Aug Purple overlays on very dark burgundy-purple leaves. Another striking variety.

Hybrid

	'Amber Waves' PP13348	○ ☞ 🌱	0-12"	Pink	May - Jul	Amber and gold foliage with a nice ruffled effect. Rose-pink flowers.
	'Amethyst Myst'	○ ☞ 🌱	24-36"	Pink	May - Jul	Different than other burgundy tones, with large marbled leaves in amethyst and wine.
NEW	'Autumn Haze' PP12160	○ ☞ 🌱	0-12"	Pink	May - Jul	Foliage with varying colors of pink, rosy-purple, cinnamon, and overlaid in silver.
NEW	'Beauty Color' PPAF	○ ☞ 🌱	12-24"	White	May - Jul	A stunning combination of bronze, green, silver, and burgundy foliage, with leaf edges turning red-orange in fall.
NEW	'Black Beauty' PP13288	○ ☞ 🌱	12-24"	White	May - Jul	Leaves are backlit in deep ruby-red, ruffled, and glossy. A true beauty!
	'Chocolate Ruffles' PP8965	○ ☞ 🌱	24-36"	Pink	May - Jul	Ruffled, brownish foliage with burgundy undersides. Light pink blossoms. Larger bolder habit than most.
NEW	'Cinnabar Silver' PPAF	○ ☞ 🌱	12-24"	Red	May - Jul	Metallic silver and green leaves with bright red blossoms appearing just above the foliage.
	'Frosted Velvet' PPAF	○ ☞ 🌱	24-36"	Pink	May - Jul	Heavily ruffled leaves that are burgundy, violet, and raisin in color.
NEW	'Ginger Ale' PPAF	○ ☞ 🌱	12-24"	Pink	May - Jul	Leaf color is similar to Ginger Ale soda, with very light pink and chartreuse flowers. Peach-pink leaf undersides.
NEW	'Hollywood' PPAF	○ ☞ 🌱	0-12"	Pink	May - Jul	One of the more showy of all Heucheras, with large clusters of rose-pink. Marbled foliage.
	'Lime Rickey' PPAF	○ ☞ 🌱	0-12"	White	May - Jul	Outstanding foliage color with frosted lime-green leaves. Pure white flowers held above contrasting foliage.
NEW	'Marmalade' PPAF	○ ☞ 🌱	0-12"	White	May - Jul	The new and improved Heuchera varieties keep coming with this one! Standout ruffled golden-amber foliage. Creamy white flowers.
	'Midnight Claret'	○ ☞ 🌱	0-12"	White	May - Jul	One of the darkest Heuchera varieties. Simply awesome. Flowers are insignificant, almost green.
	'Obsidian' PP14836	○ ☞ 🌱	0-12"	Pink	May - Jul	Deep burgundy to black foliage. Large smooth leaves. Outstanding!
NEW	'Peach Flambe' PPAF	○ ☞ 🌱	12-24"	White	May - Jul	Incredible peach foliage tinted with red. Foliage turns plum in fall.
	'Plum Pudding'	○ ☞ 🌱	0-12"	White	May - Jul	Off-white blossoms above incredible silver-veined purple foliage.
	'Raspberry Ice' PP13340	○ ☞ 🌱	12-24"	Pink	May - Jul	Leaves consist of deep raspberry, silver, and gray. Forms a nice mound.
	'Raspberry Regal'	○ ☞ 🌱	24-36"	Red	May - Jul	Large flowers on tall stems. Rosy red flowers.
	'Silver Scrolls' PP12066	○ ☞ 🌱	12-24"	White	May - Jul	Silver overlaps dark burgundy veining producing almost black and white foliage.
NEW	'Sparkling Burgundy' PPAF	○ ☞ 🌱	12-24"	White	May - Jul	Wow! Black cherry colored foliage. A great alternative to H. 'Palace Purple.'
	'Stormy Seas'	○ ☞ 🌱	12-24"	White	May - Jul	Chocolate-brown with hints of silver and pewter. A faster grower than most Heuchera.
	'Vesuvius' PP13215	○ ☞ 🌱	0-12"	Red	May - Jul	Bright reddish-pink flowers explode over purple foliage.

micrantha

'Palace Purple' ○ ☞ 🌱 12-24" White May - Jul Popular variety with burgundy foliage. 1991 PPA Plant of the Year.

sanguinea / x brizoides

'Ruby Bells' ○ ☞ 🌱 12-24" Red May - Jul Deep crimson-red flowers above rich green foliage.

'Snow Angel' ○ ☞ 🌱 0-12" Pink May - Jul Exquisite hybrid with beautiful variegated white and light green foliage and hot-pink blossoms. A favorite and yearly sellout.

villosa

NEW 'Caramel' PPAF ○ ☞ 🌱 0-12" White May - Jul Newer introduction with hairy leaves in a striking yellow-orange color. Flowers are creamy white.

HEUCHERELLA (Foamy Bells)

Hybrid

NEW 'Stoplight' PPAF ○ ☞ 🌱 12-24" White May - Jun An improved variety of H. 'Sunspot,' with richer yellow leaves and larger deeper burgundy centers.

○ = tolerates sun

☞ = tolerates partial shade

🌱 = tolerates shade

HIBISCUS (Rose Mallow)

Hybrid

'Blue River II'	○ ☞	48"-Higher	White	Jul - Sep	Large solid pure white blooms. Quite long-blooming as well.
'Fireball' PP13631	○ ☞	36-48"	Red	Jul - Sep	An improved variety over H. 'Lord Baltimore' with large more intense bright red flowers.
'Kopper King' PP10793	○ ☞	36-48"	White	Jul - Sep	Deeply cut foliage of coppery-red with red-veined white flowers.
'Lady Baltimore'	○ ☞	48"-Higher	Pink	Jul - Sep	Bicolor flowers with large red centers blending to pink petals.
'Plum Crazy' PP11854	○ ☞	36-48"	Lavender	Jul - Sep	Consistent purplish foliage with plum-purple veined flowers.
'Turn of the Century'	○ ☞	48"-Higher	Pink	Jul - Sep	Bicolored red and pink petals appear as if to turn in the wind like a pinwheel.

HOSTA (Funkia, Plantain Lily)

fluctuans

'Variegated' ('Sagae')	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Award-winning, heavy substance. Creamy yellow margin. 2000 Hosta of the Year.

fortunei

'Aureo-marginata'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Very sharp gold-yellow margin surrounding dark green. Popular.
'Francee'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Heart-shaped leaves with thin white margin. Popular and sun-fast.
'Gold Standard'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Award-winning. Green-gold centers with dark green margins.
'Patriot'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Immaculate, wide bright white margin. Dark green centers. 1997 Hosta of the Year.
'Paul's Glory'	○ ☞ ▲	24-36"	Lavender	Jul - Aug	Award-winner with blue-streaked margins and gold centers. 1999 Hosta of the Year.

Hybrid

	'August Moon'	○ ☞ ▲	12-24"	White	Jul - Aug	Large leaves that are golden in color. Award-winning.
NEW	'Beckoning' PPAF	○ ☞ ▲	36-48"	White	Jun - Jul	A large sport of H. 'Blue Angel' with golden leaves and a blue-green jagged margin.
	'Blue Angel'	○ ☞ ▲	24-36"	White	Jul - Aug	Large, bluish-green leaves. Tropical-looking and one of the more popular large blue selections.
	'Blue Mammoth'	○ ☞ ▲	36-48"	White	Jul - Aug	Gray to blue leaves, absolutely huge in size. Needs 2-3 seasons to reach mature size.
	'Blue Umbrellas'	○ ☞ ▲	24-36"	Lavender	Jun - Jul	Nicely sun tolerant with blue-green leaves maturing to dark green throughout the season.
	'Dream Weaver'	○ ☞ ▲	12-24"	White	Jul - Aug	A sport of H. 'Great Expectations' with nearly round leaves. Creamy white centers and wide blue margins.
NEW	'Earth Angel'	○ ☞ ▲	24-36"	Lavender	Jul - Aug	A sport of H. 'Blue Angel' with a large habit and large heart-shaped leaves with wide creamy margins. Great as a specimen plant.
NEW	'Fire and Ice'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	A descendent of H. 'Patriot,' with showy white centered heart-shaped leaves edged in various shades of green.
	'Fragrant Blue'	○ ☞ ▲	12-24"	White	Jun - Aug	Leaves of blue-green, heavy substance. Foliage lightens as season progresses.
	'Fragrant Bouquet'	○ ☞ ▲	12-24"	Lavender	Jul - Jul	Very fragrant flowers on apple-green leaves with light yellow margins. 1998 Hosta of the Year.
	'Great Expectations'	○ ☞ ▲	24-36"	White	Jun - Jul	Huge, puckered leaves. Bluish margins with creamy centers.
	'Green Gold'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Buttery-yellow margins surrounding dark green. Sun-tolerant.
	'Guacamole'	○ ☞ ▲	24-36"	Lavender	Jul - Aug	Large, ovate leaves in chartreuse green with darker green margins. 2002 Hosta of the Year.
	'June'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Distinctive and pointed gold-centered leaves with blue-green margins. 2001 Hosta of the Year.
	'Krossa Regal'	○ ☞ ▲	36-48"	Lavender	Aug - Sep	Tall flowering form. Frosted blue-gray leaves. Award-winner.
NEW	'Liberty' PP12531	○ ☞ ▲	12-24"	Lavender	Jul - Aug	A superb sport of H. 'Sagae' with leaves featuring super-wide margins of cream blending with yellowish streaks through green.
	'Loyalist'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	A reverse of H. 'Patriot' with near white centers and green margins. Outstanding.
NEW	'Maui Buttercups'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	One of the better yellow varieties now available, with deeply cupped and rippled yellow-gold leaves. A great medium-size accent plant.
	'Night Before Christmas'	○ ☞ ▲	24-36"	Lavender	Jul - Aug	Dark green margins, pure white centers.
	'Northern Exposure'	○ ☞ ▲	12-24"	White	Jul - Aug	Flat leaves of powder blue with wide creamy margins. Slower-growing, but a must have. Award-winning.
NEW	'Olive Branch'	○ ☞ ▲	0-12"	White	Jul - Aug	A sport of H. 'Candy Hearts' with a compact habit and wide green margins surrounding pale green-yellow centers.
NEW	'Rainforest Sunrise'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	New leaf growth each year is light green, then leaves mature to gold with a dark green margin.
	'Regal Splendor'	○ ☞ ▲	36-48"	Lavender	Aug - Sep	Frosty blue with creamy yellow to white border. 2003 Hosta of the Year.
	'Remember Me'	○ ☞ ▲	24-36"	Lavender	Jul - Aug	Absolutely spectacular with white centered leaves and irregular blue margins. A Walters Gardens intro, with a percentage of proceeds to benefit the Susan G. Komen Foundation (breast cancer).
	'Revolution' PPAF	○ ☞ ▲	24-36"	Lavender	Aug - Sep	Dark green irregular margins with creamy striped centers. Soft green speckles in centers.
	'Robert Frost'	○ ☞ ▲	36-48"	White	Jul - Aug	A cross between H. 'Banana Sundae' and H. 'Frances Williams.' Wide creamy margins blending into green-blue centers.
	'Royal Standard'	○ ☞ ▲	12-24"	White	Aug - Sep	Very nice green foliage form. Fragrant white flowers.
	'Stained Glass'	○ ☞ ▲	24-36"	White	Jul - Aug	Rounded gold leaves with wide dark green margins. Green leaf veins resemble stained glass.
	'Sum and Substance'	○ ☞ ▲	24-36"	Lavender	Jul - Aug	Thick, large rounded leaves. Chartreuse-green foliage. 2004 Hosta of the Year.
	'Summer Music'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Creamy white centers with splotches of yellow-gold blending to a wide green margin.
	'Wheaton Blue'	○ ☞ ▲	12-24"	Lavender	Jun - Jul	Heart-shaped sport of H. 'Paul's Glory.'

○ = tolerates sun

▲ = tolerates shade

NEW	'White Christmas'	○ ☞ ▲	0-12"	Lavender	Jul - Jul	A eye-catching variety with nearly all of its leaves colored in white with a small green margin.
NEW	'Wolverine'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	Long and strong narrow leaves feature golden margins and blue-green centers.

sieboldiana

	'Elegans'	○ ☞ ▲	24-36"	White	Aug - Sep	Large, puckered blue-gray leaves. Excellent form.
	'Frances Williams'	○ ☞ ▲	24-36"	White	Aug - Sep	One of the nicest large-leaved varieties with wide gold-yellow margins and heavy puckering. Award-winner.

tardiana

	'Hadspen Blue'	○ ☞ ▲	12-24"	Lavender	Jul - Aug	One of the nicest blue foliated varieties. Nice compact habit.
--	----------------	-------	--------	----------	-----------	--

tokudama

	'Aureo-nebulosa'	○ ☞ ▲	12-24"	White	Jul - Aug	Slower growing, award-winning variegated foliage.
	'Flavo-circinalis'	○ ☞ ▲	12-24"	White	Jul - Aug	Large leaves with irregular gold margins around blue-green. Heavily rippled and rounded.

undulata

	'Albo-marginata'	○ ☞ ▲	12-24"	Lavender	Jun - Jul	One of the most popular variegated selections.
	'Variegata'	○ ☞ ▲	12-24"	Lavender	Jun - Jul	Popular variety with streaks of white through the centers.

HOUTTUYNIA (Chameleon Plant)

cordata

	'Chameleon'	○ ☞ ▲	0-12"	White	Jun - Jul	Known for its hardiness and multi-colored cream, green, and red foliage. Can be invasive, so give it some room.
--	-------------	-------	-------	-------	-----------	---

HYDRANGEA (Climbing Hydrangea)

anomala

NEW	'Mirranda'	○ ☞ ▲	Climber	White	Jun - Jul	Variegated foliage with leaves having a bright yellow edge and deep green center. Allow 3-5 years to fully mature.
	<i>petiolaris</i>	○ ☞ ▲	Climber	White	Jun - Jul	Deciduous climbing vine with fragrant flower clusters. Does best if given some shade. Slow to mature, but worth the wait.

HYPERICUM (Aaron's Beard, St. John's Wort)

patulum

	'Sungold'	○ ☞	12-24"	Yellow	Jun - Aug	Long-blooming with bright yellow 2" flowers.
--	-----------	-----	--------	--------	-----------	--

IBERIS (Candytuft)

sempervirens

	<i>sempervirens</i>	○ ☞	0-12"	White	Apr - May	A popular choice for early spring color. Pure white mounds.
--	---------------------	-----	-------	-------	-----------	---

INCARVILLEA (Hardy Gloxinia)

delavayi

	<i>delavayi</i>	○ ☞	0-12"	Pink	Apr - May	Showy, rose-pink blossoms. Will sometimes repeat bloom. Prefers moisture, but keep well-drained.
	'Snowtop'	○ ☞	0-12"	White	Apr - May	Beautiful, pure white trumpet-shaped blooms. Prefers moisture, but keep well-drained.

IRIS

cristata (Dwarf Crested Iris)

	<i>cristata</i>	○ ☞	0-12"	Blue	Apr - May	An excellent choice for a naturalizing groundcover. Flowers are blue to purple.
--	-----------------	-----	-------	------	-----------	---

ensata (Japanese Iris)

	'Mixed'	○ ☞	24-36"	Mix	Jul - Aug	Mixed colors of blue, light blue and white.
--	---------	-----	--------	-----	-----------	---

Hybrid Bearded Iris (German Iris) ***More varieties will become available later in the season.***

	'Autumn Circus'	○ ☞	36-48"	Blue	May - Jun	White petals with blue-violet veining and edges.
	'Before the Storm'	○ ☞	36-48"	Purple	May - Jul	Solid color. Very dark purple, almost black.
	'Beverly Sills'	○ ☞	24-36"	Pink	May - Jun	Coral-pink blooms with frilly edges. Large flowers.
	'Champagne Elegance'	○ ☞	24-36"	White	May - Jul	Near white with creamy yellow falls. Repeat bloomer.
	'Clarence'	○ ☞	24-36"	Blue	May - Jun	Repeat bloomer. White standards with soft blue falls.
	'Dusky Challenger'	○ ☞	36-48"	Purple	May - Jun	One of the best dark blooming Iris to date. Deep purple heavily ruffled flowers.
	'Enchanted One'	○ ☞	24-36"	Yellow	Jun - Jul	Rich yellow. Lavender veining on falls. Repeat bloomer.
	'Harvest of Memories'	○ ☞	36-48"	Yellow	May - Jun	Clear yellow with excellent form and habit.
	'Immortality'	○ ☞	24-36"	White	May - Jul	Award-winning repeat bloomer. Flowers are pure white with light yellow falls.
	'Jennifer Rebecca'	○ ☞	36-48"	Pink	May - Jun	Repeats bloom, rosy-pink with tangerine-pink beards.

pseudacorus

	'Flore Pleno'	○ ☞	36-48"	Yellow	May - Jul	Longer blooming than the regular I. pseudacorus, with unique double flowers.
	<i>pseudacorus</i>	○ ☞	36-48"	Yellow	May - Jun	Showy yellow flowers that are beardless. Loves moisture.
	'Variegata'	○ ☞	24-36"	Yellow	May - Jun	Cream and green striped foliage, turning mostly green late in summer.

☞ = tolerates partial shade

▲ = tolerates shade

pumila (Dwarf Bearded Iris)

pumila	○ ☞	0-12"	Mix	May - Jun	Many straight-color varieties available throughout the spring months. Call or email for availability.
---------------	-----	-------	-----	-----------	---

sibirica (Siberian Iris)

'Baby Sister'	○ ☞	12-24"	Blue	Jun - Jul	Sky-blue flowers over short and compact foliage.
'Butter and Sugar'	○ ☞	24-36"	White	Jun - Jul	Award-winning white standards with light yellow falls.
'Caesar's Brother'	○ ☞	36-48"	Purple	Jun - Jul	Dark violet-blue flowers. Popular, puts on a great show.
'Coronation Anthem'	○ ☞	24-36"	Blue	Jun - Jul	Tetraploid with medium to deep blue blooms. Award-winner.
NEW 'Dance Ballerina Dance'	○ ☞	12-24"	Pink	Jun - Jul	Lilac-white blended upper petals with lilac-pink lower petals.
'Dreaming Spires'	○ ☞	24-36"	Lavender	Jun - Jul	Lavender and royal blue combination.
'Gull's Wing'	○ ☞	24-36"	White	Jun - Jul	Resembling a Japanese type in shape, with completely pure white flowers.
'Pink Haze'	○ ☞	24-36"	Lavender	Jun - Jul	Award-winning variety with lavender-pink flowers.
'Ruffled Velvet'	○ ☞	24-36"	Purple	Jun - Jul	Deep violet flowers with gold veined centers.
'Silver Edge'	○ ☞	24-36"	Blue	Jun - Jul	Striking blue blooms edged in contrasting pure white.
'White Swirl'	○ ☞	24-36"	White	Jun - Jul	Probably one of the best white varieties. Yellowish throat.

ISOTOMA (Blue-star Creeper)

fluviatilis

fluviatilis	○ ☞	0-12"	Lavender	May - Sep	Exceptional for any place a low-growing groundcover is needed. Ever-blooming lilac to lavender flowers.
--------------------	-----	-------	----------	-----------	---

JASIONE (Sheep's Bit, Shepherd's Scabiosa)

laevis

'Blue Light'	○ ☞	12-24"	Blue	Jun - Aug	Spiny balls of azure blue on graceful, wavy stems.
--------------	-----	--------	------	-----------	--

KALIMERIS (Japanese Aster)

incisa

NEW 'Blue Star'	○ ☞	12-24"	Blue	May - Aug	Blooms sporadically all season with pale blue yellow-centered daisy flowers.
------------------------	-----	--------	------	-----------	--

KNAUTIA

macedonica

'Mars Midget'	○ ☞	12-24"	Red	Jun - Aug	Long-blooming throughout the summer. Ruby-red flowers. Butterflies love them!
---------------	-----	--------	-----	-----------	---

KNIPHOFIA (Poker Plant, Torch Lily, Tritoma)

Hybrid

'Flamenco Mix'	○ ☞	24-36"	Mix	Jun - Aug	Radiant blooms of multi-colored orange, red, and yellow.
----------------	-----	--------	-----	-----------	--

uvaria

'Alcazar'	○ ☞	24-36"	Red	Jul - Sep	Long bloomer. One of the hardest of all Kniphofia with salmon-red flower spikes.
'Border Ballet'	○ ☞	12-24"	Red	Jun - Jul	A blend of red, pink, orange and yellow.
'Early Hybrids'	○ ☞	24-36"	Red	Jun - Jul	Red and orange shades of flowers. Earlier blooming.
NEW 'Pfitzer Hybrids'	○ ☞	24-36"	Orange	Jul - Sep	Mostly orange flower spikes, but may have a little yellow mixed in. Extremely showy and unique.

LAMIASTRUM (Yellow Archangel)

galeobdolan

'Herman's Pride'	○ ☞ ☀	0-12"	Yellow	Apr - May	Mounding habit and not as spreading as other Lamiastrum varieties. Small variegated green and silver leaves, insignificant yellow flowers.
'Silver Spangles'	○ ☞ ☀	0-12"	Yellow	Apr - May	Not as spreading as L. 'Variegatum' with nearly all silver sharply jagged leaves.
'Variegatum'	○ ☞ ☀	0-12"	Yellow	Apr - May	Spreading, vine-like habit. Fast growing and vigorous.

LAMIUM (Dead or Spotted Nettle)

maculatum

'Anne Greenaway'	☞ ☀	0-12"	Lavender	May - Jul	Unique foliage consisting of dark and pale green, silver, and chartreuse. Lavender to mauve flowers.
'Aureum'	☞ ☀	0-12"	Lavender	May - Jul	Very showy, variegated white and yellow foliage. Lavender flowers.
'Beacon Silver'	○ ☞ ☀	0-12"	Lavender	May - Jul	Silver casted leaves and lavender-purple flowers. Long-blooming and easy to grow. Needs moisture if grown in sun.
'Orchid Frost' PP11122	○ ☞ ☀	0-12"	Pink	Apr - Jul	Orchid-pink blooms on leaves overlaid in silver. Tolerant to sun.
'Purple Dragon' PPAF	☞ ☀	0-12"	Lavender	May - Jul	Deep lavender flowers, larger than most any other Lamium. Deep lavender-purple flowers.
'Red Nancy'	○ ☞ ☀	0-12"	Pink	May - Jun	More rose-pink than red, but with the same attractive silver-sheened foliage as other Lamium.
'White Nancy'	☞ ☀	0-12"	White	May - Jun	Pure white flowers produced by excellent, whitish foliage.

LATHYRUS (Sweet Pea)

latifolius

'Mix'	○ ☞	Climber	Mix	Jul - Aug	Climbing perennial vine with pink, purple and white blossoms. Makes a nice groundcover if not given support for climbing.
-------	-----	---------	-----	-----------	---

☞ = tolerates partial shade

☀ = tolerates shade

LAVANDULA (Lavender)

augustifolia

'Baby Blue'	○ ☞	0-12"	Purple	Jun - Sep	A compact variety, similar to L. 'Munstead.' Fragrant with deep purple flowers.
'Dwarf Blue'	○ ☞	0-12"	Blue	Jun - Sep	Violet-blue variety bred for its compact nature and long-blooming characteristics.
'Hidcote'	○ ☞	0-12"	Purple	Jun - Sep	Deep purple spikes of fragrant flowers. Compact habit.
'Hidcote Superior'	○ ☞	0-12"	Purple	Jun - Sep	An improved form of L. 'Hidcote' with consistent deep purple to blue spikes and gray-green foliage.
'Jean Davis'	○ ☞	12-24"	White	Jul - Sep	Whitish to pale pink flowers. Nicely rounded habit.
'Munstead'	○ ☞	12-24"	Lavender	Jun - Sep	Traditional lavender with dark colored flowers. Fragrant.

x intermedia

NEW 'Dutch'	○ ☞	24-36"	Lavender	Jul - Sep	Light purple to lavender flower spikes on clean and crisp foliage. Great for drying or cutting.
'Grosso'	○ ☞	24-36"	Purple	Jul - Sep	Larger habit with very fragrant foliage and thick purple spikes.

LEONTOPODIUM (Edelweiss)

alpinum

alpinum	○	0-12"	Yellow	May - Jun	Originally from the Swiss Alps. Known for its soft gray foliage.
---------	---	-------	--------	-----------	--

LEPTINELLA (Brass Buttons)

pusilla

pusilla	○ ☞	0-12"	Yellow	Jun - Jul	Yellow to brown button on top of purplish ferny foliage. An excellent groundcover alternative.
---------	-----	-------	--------	-----------	--

LEUCANTHEMUM (Shasta Daisy)

x superbum

'Aglaiia'	○ ☞	24-36"	White	Jun - Sep	Unique, fringed, and doubled flowers. Cut back to force repeat blooms.
'Becky'	○ ☞	24-36"	White	Jul - Sep	Stiff, hardy foliage. Dark green leaves, single classic flowers. Still one of the best shasta daisies! 2003 PPA Plant of the Year.
NEW 'Brightside'	○ ☞	24-36"	White	Jul - Sep	A newer intro with L. 'Becky' genes. Pure white blooms and great disease/pest resistance.
NEW 'Broadway Lights'	○ ☞	24-36"	Yellow	Jul - Sep	Another yellow shasta intro with strong stems and soft yellow daisies maturing to light yellow or white. Reportedly a little more robust than L. 'Sunshine.'
'Crazy Daisy'	○ ☞	24-36"	White	Jul - Sep	Fringed double white flowers. Excellent, abundant blooms.
'Highland White Dream'	○ ☞	12-24"	White	Jun - Jul	Comparable to L. 'Becky,' but with a slightly more compact habit and sometimes double flowers.
'Snow Lady'	○ ☞	0-12"	White	Jun - Aug	Compact grower. Cut back after blooming to force repeat blooms.
'Snowcap'	○ ☞	0-12"	White	Jun - Aug	Great performer with sturdy stems and compact habit. Traditional yellow-centered white daisy flowers.
'Sonnenschein' ('Sunshine')	○ ☞	24-36"	Yellow	Jun - Aug	A yellow Shasta! Soft yellow flowers emerge then mature to white, especially in full sun areas.
'Thomas Killen'	○ ☞	24-36"	White	Jul - Sep	One of the best daisies for cutting. Semi-double flowers.
'White Knight'	○ ☞	24-36"	White	Jul - Sep	Beautiful form, classic yellow centered flowers.

LEWISIA (Bitterroot)

cotyledon

NEW 'Regenbogen'	☞	0-12"	Mix	Jun - Jul	Compact grower with broad rose-pink and white petals.
'Sunset Strain'	☞	0-12"	Mix	Jun - Jul	Wide mix of color with only solid colored flowers.

longipetala

NEW 'Little Plum'	☞	0-12"	Pink	Jun - Jul	Longer leaves and larger flowers than most Lewisia, with light pink and white striped blossoms.
--------------------------	---	-------	------	-----------	---

LIATRIS (Blazing Star, Gayfeather)

spicata

'Floristan Violet'	○ ☞	24-36"	Purple	Jul - Sep	Tall, stately spikes with fuzzy flowers. Beautiful color.
'Floristan White'	○ ☞	24-36"	White	Jul - Sep	White spikes flowering from top to bottom.
'Kobold'	○ ☞	12-24"	Lavender	Jul - Sep	Compact variety with rose-lavender spikes.

LIGULARIA (Goldenray, Ragwort)

dentata

'Britt Marie Crawford' PPAF	☞ ☀	36-48"	Orange	Jul - Aug	Deep chocolate-maroon leaves with purple undersides. Yellow-orange flowers.
NEW 'Dark Beauty'	☞ ☀	36-48"	Orange	Jul - Aug	Golden-orange daisies above large deep purplish-green round leaves.
'Desdemona'	☞ ☀	36-48"	Orange	Jul - Aug	Yellowish-orange, daisy-like flowers. Attractive dark foliage.
'Othello'	☞ ☀	24-36"	Orange	Jul - Aug	Daisy-like orange-red flowers atop purplish foliage.

przewalskii

przewalskii	☞ ☀	36-48"	Yellow	Jul - Aug	Slightly shorter variety with slender, tall yellow spikes. Attractive deeply cut leaves.
-------------	-----	--------	--------	-----------	--

○ = tolerates sun

☞ = tolerates partial shade

☀ = tolerates shade

stenocephala

'Little Rocket' PP14621	☞ 🌞	24-36"	Yellow	Jul - Aug	A dwarf variety of the popular L. 'Rocket.' Same attractive heart-shaped leaves and bright yellow flower spikes.
'The Rocket'	☞ 🌞	48"-Higher	Yellow	Jul - Aug	Tall spikes of bright yellow. Excellent form and habit.

tussilaginea

NEW 'Cristata'	☞ 🌞	12-24"	Yellow	Jul - Aug	Another unique selection with large ruffled green leaves and pinkish undersides. Yellow daisy-like flowers.
-----------------------	-----	--------	--------	-----------	---

LILIUM (Garden Lily)

Hybrid Asiatic

'Crimson Pixie'	○ ☞	12-24"	Red	Jun - Jul	Short, compact habit. Bright red color and great for cutting.
'Orange Pixie'	○ ☞	12-24"	Orange	Jun - Jul	Very sturdy, stout, and strong. Straight orange flowers, stunning color.
'Sunray'	○ ☞	12-24"	Yellow	Jun - Jul	Very showy and adds a splash of color to any garden. Compact and cute.

Hybrid Oriental

'Mona Lisa'	○ ☞	12-24"	Pink	Jun - Jul	Strong fragrance, strong habit. Huge flowers.
'Stargazer'	○ ☞	24-36"	Pink	Jun - Jul	Very popular and extremely fragrant. Great color, huge blooms!

LINUM (Flax)

perenne

perenne	○ ☞	12-24"	Blue	Jun - Aug	Clear, sky-blue flowers. Long-blooming and long lasting.
---------	-----	--------	------	-----------	--

LIRIOPE (Lilyturf)

muscari

'Big Blue'	○ ☞ 🌞	12-24"	Lavender	Jul - Aug	Taller growing, with lavender flower spikes. Excellent as a groundcover or accent plant (if given some space).
'Peedee Ingot'	○ ☞ 🌞	0-12"	Lavender	Jul - Aug	Golden-yellow leaves contrast nicely with lavender flower spikes.

spicata

'Silver Dragon'	○ ☞ 🌞	0-12"	Lavender	Jul - Aug	Excellent groundcover or low grower, with shimmering silvery-green foliage.
spicata	○ ☞ 🌞	0-12"	Lavender	Jul - Aug	Creeping grass-like foliage. Excellent groundcover alternative.

LOBELIA (Cardinal Flower)

fulgens

'Queen Victoria'	○ ☞ 🌞	36-48"	Red	May - Jul	Moisture-loving with bright red flowers and red foliage. Late to break dormancy.
------------------	-------	--------	-----	-----------	--

speciosa

NEW 'Fan Blue'	○ ☞ 🌞	12-24"	Blue	Jul - Oct	Bronze-tinted foliage bearing upright stems lined with blue to violet-blue flowers. Winter protection/mulching is beneficial.
'Fan Scarlet'	○ ☞ 🌞	12-24"	Red	Jul - Oct	Compact bronze foliage with bright scarlet blooms. Benefits from winter protection/mulching.

LONICERA (Honeysuckle)

japonica

'Aureo-reticulata'	○ ☞ 🌞	Climber	Yellow	Jun - Aug	Fragrant flowers bloom amid green leaves with yellow veins.
'Hall's Prolific'	○ ☞ 🌞	Climber	Yellow	Jun - Aug	A little more showy than 'Halliana,' with loads of pale yellow and white blossoms.
'Mandarin'	○ ☞ 🌞	Climber	Orange	Jun - Aug	As the name suggests, mandarin-orange blossoms.
'Purpurea'	○ ☞ 🌞	Climber	Yellow	Jun - Aug	Purplish tinted foliage. Vigorous grower with fragrant blooms.

sempervirens

'Blanche Sandman'	○ ☞ 🌞	Climber	Red	May - Jul	Long tubular crimson-red flowers. Rapid grower, and a hummingbird favorite.
-------------------	-------	---------	-----	-----------	---

x brownii

'Dropmore Scarlet'	○ ☞ 🌞	Climber	Orange	May - Jul	Trumpet-shaped flowers of orange and scarlet. Hummingbirds love them!
--------------------	-------	---------	--------	-----------	---

x heckrottii

heckrottii	○ ☞ 🌞	Climber	Yellow	May - Jul	Fragrant light yellow and rose-pink bi-colored blossoms.
------------	-------	---------	--------	-----------	--

LOTUS (Bird's-foot Trefoil)

corniculatus

'Pleniflorus'	○ ☞ 🌞	0-12"	Yellow	Jul - Aug	Tolerant of foot traffic and forms a low-growing carpet. Small insignificant flowers.
---------------	-------	-------	--------	-----------	---

LUNARIA (Honesty Plant, Money Plant)

annua

annua	○ ☞	24-36"	Lavender	May - Jun	Lavender flowers followed by its well-known unique papery fruit.
-------	-----	--------	----------	-----------	--

LUPINUS (Lupine)

Hybrid

'Gallery Blue'	○ ☞	24-36"	Blue	May - Jun	Compact growing with brilliant spikes of deep blue flowers.
'Gallery Red'	○ ☞	24-36"	Red	May - Jun	Excellent variety with shorter growing habits, straight red flowers.

○ = tolerates sun

☞ = tolerates partial shade

🌞 = tolerates shade

'Gallery Yellow'	○ ☞	24-36"	Yellow	May - Jun	Bright yellow flowers atop light green foliage.
'Minarette'	○ ☞	12-24"	Mix	May - Jun	Dwarf variety with a mix of pink, red, and yellow flower spikes.
'Popcicle'	○ ☞	12-24"	Mix	May - Jun	Shorter growing variety. Wide range of colors.
'Russell Pink' ('Chatelaine')	○ ☞	36-48"	Pink	May - Jun	Salmon to clear pink flower spikes.
'Russell Red' ('My Castle')	○ ☞	36-48"	Red	May - Jun	Beautiful and very showy with bright red flowers.
'Russell Yellow' ('Chandelier')	○ ☞	36-48"	Yellow	May - Jun	Bright yellow flower spikes. Winter protection beneficial.

regalis

NEW 'Morello Cherry'	○ ☞	36-48"	Red	May - Jun	Tall stems of cherry-red flower clusters. Quick to establish and bloom.
-----------------------------	-----	--------	-----	-----------	---

LYCHNIS (Campion, Catchfly, Maltese Cross)

coronaria (Campion)

'Blood Red'	○ ☞	24-36"	Red	May - Jun	Earlier flowering with leathery gray leaves and pinkish-red blossoms.
-------------	-----	--------	-----	-----------	---

LYSIMACHIA (Creeping Jenny, Gooseneck Loosestrife, Moneywort)

clethroides (Gooseneck Loosestrife)

clethroides	○ ☞ 🌿	24-36"	White	Jul - Aug	Plentiful, nodding spikes. Fast growing. Allow space.
-------------	-------	--------	-------	-----------	---

nummularia (Creeping Jenny, Moneywort)

'Aurea'	☞ 🌿	0-12"	Yellow	Jun - Aug	Trailing habit with greenish-gold foliage.
'Green'	☞ 🌿	0-12"	Yellow	Jun - Aug	Fragrant flowers produced by shiny, attractive foliage.

punctata (Yellow Loosestrife)

'Alexander' PP10598	○ ☞	12-24"	Yellow	Jul - Sep	Cream-edged leaves with bright golden flowers.
---------------------	-----	--------	--------	-----------	--

MALVA (Mallow)

alcea

'Fastigiata'	○ ☞	36-48"	Pink	Jun - Sep	Free flowering, numerous single shell pink flowers. Long-blooming.
--------------	-----	--------	------	-----------	--

sylvestris (Cheeses)

'Zebrinus'	○ ☞	24-36"	Purple	Jul - Sep	Unique, striped flowers in lavender and purple. Long-blooming. Trim back to force reblooming.
------------	-----	--------	--------	-----------	---

MERTENSIA (Bluebells)

virginica

virginica	☞ 🌿	12-24"	Blue	Apr - May	Woodland native with nodding blue flowers. Goes dormant early after flowering.
-----------	-----	--------	------	-----------	--

MONARDA (Bee Balm, Oswego Tea)

didyma

'Blue Stocking'	○ ☞	24-36"	Lavender	Jun - Jul	Lavender-blue flowers. Attracts hummingbirds and butterflies.
'Colrain Red'	○ ☞	24-36"	Red	Jun - Jul	Unique red flowers tinged with a bit of yellow.
'Gardenview Scarlet'	○ ☞	24-36"	Red	Jun - Jul	A fine variety. Showy crimson blooms. Mildew-resistant.
'Jacob Cline'	○ ☞	36-48"	Red	Jun - Jul	Very large flowers. One of the best reds for mildew-resistance.
'Marshall's Delight'	○ ☞	24-36"	Pink	Jun - Jul	Mildew-resistant with tight pink flower heads. Excellent performer.
'On Parade'	○ ☞	12-24"	Pink	Jun - Jul	Neatly arranged fuchsia-pink flowers with a shorter more compact habit.
'Panorama Red'	○ ☞	12-24"	Red	Jun - Jul	Bright scarlet-red selection from the popular Panorama series.
'Petite Delight' PP10784	○ ☞	12-24"	Pink	Jun - Jul	Lavender-rose flowers on stout, short growing foliage.
'Petite Wonder' PPAF	○ ☞	0-12"	Pink	Jun - Jul	Deep green foliage with clear pink flowers. Very nice and compact.

'Plumosa'	○ ☞	12-24"	Purple	Jun - Jul	Huge plumes of fluffy raspberry-purple blossoms.
'Snow Hill'	○ ☞	12-24"	White	Jun - Aug	White spikes, usually repeats blooms 2-3 times per season.
'Viola Klose'	○ ☞	12-24"	Blue	May - Aug	Slightly more compact and longer flowering than most varieties. Dark blue.

SANICULA (Blue Sanicle)

caerulescens

NEW caerulescens	☞ ☀	0-12"	Blue	May - Jul	Small mostly blue little bells adorn this neat shade-loving plant. Something new and different for shade!
-------------------------	-----	-------	------	-----------	---

SAPONARIA (Bouncing Bet, Soapwort)

ocymoides (Soapwort)

ocymoides	○ ☞	0-12"	Pink	Apr - May	Low-growing, cascading foliage. Great for spring color with fragrant light pink dainty flowers.
-----------	-----	-------	------	-----------	---

SCABIOSA (Pincushion Flower)

columbaria

'Butterfly Blue'	○ ☞	12-24"	Blue	Jun - Sep	Outstanding habit with non-stop cornflower-blue blooms. 2000 PPA Plant of the Year.
'Pincushion Pink'	○ ☞	0-12"	Pink	Jun - Sep	Another dwarf variety, this one improved with more consistent deeper pink flowers.

japonica

'Blue Diamonds'	○ ☞	0-12"	Blue	Jun - Sep	Extremely compact habit, growing 6-8". Outstanding long-blooming characteristics. Light blue flowers.
-----------------	-----	-------	------	-----------	---

SCHIZOPHRAGMA (Japanese Hydrangea Vine)

hydrangeoides

'Moonlight'	○ ☞	Climber	White	Jul - Aug	Heart-shaped foliage is overlaid in powdery steel-blue. Flowers similar to climbing Hydrangea.
-------------	-----	---------	-------	-----------	--

SEDUM (Live-Forever, Stonecrop)

acre (Goldmoss Sedum)

NEW 'Aureum'	○ ☞	0-12"	Yellow	Jun - Jul	Very compact, dense foliage forming pleasant moss-like mats of green.
---------------------	-----	-------	--------	-----------	---

album (White Flowered Sedum)

chloroticum	○ ☞	0-12"	White	Jul - Aug	Tiny succulent leaves with off-white flowers.
NEW 'Coral Carpet'	○ ☞	0-12"	White	Jun - Jul	Flat growth habit, foliage turns reddish if in direct sunlight or dry conditions. Perfect for sunny hard-to-grow areas.
'Murale'	○ ☞	0-12"	White	Jun - Jul	Foliage is reddish-purple in spring and fall, light green otherwise.

○ = tolerates sun

☞ = tolerates partial shade

☀ = tolerates shade

dasyphyllum (Thick Leaved Sedum)

NEW	'Major'	○ ☞	0-12"	Pink	Jun - Jul	Foliage is powdery-blue, which makes a nice contrast to other plants. Great for sunny hard-to-grow areas.
------------	---------	-----	-------	------	-----------	---

hispanicum (Baby Tears, Blue Carpet Sedum)

	'Minus'	○ ☞	0-12"	White	Jun - Jul	Blue-green succulent foliage, tight and compact appearance, and easy to grow. Can also tolerate some foot traffic.
--	---------	-----	-------	-------	-----------	--

Hybrid

	'Autumn Fire'	○ ☞	24-36"	Red	Aug - Oct	Improved form of S. 'Autumn Joy' with longer lasting dusty red to rust-red flowers.
	'Autumn Joy'	○ ☞	24-36"	Red	Aug - Oct	Showy, long lasting flower heads that appear dusty pink and mature to a rust-red.
	'Bertram Anderson'	○ ☞	0-12"	Pink	Aug - Sep	Rounded, fleshy purple leaves with small soft pink flowers.
NEW	'Black Jack' PPAF	○ ☞	24-36"	Pink	Aug - Oct	Black-purple foliage with large pink flower heads.
	'John Creech'	○ ☞	0-12"	Pink	Jul - Aug	Green foliage and pink flowers. Very vigorous and hardy.
	'Matrona'	○ ☞	12-24"	Pink	Aug - Sep	Pale pink blossoms against gray-green foliage. Slightly earlier to bloom than most tall Sedums.
	'Purple Emperor'	○ ☞	12-24"	Pink	Aug - Sep	Deep burgundy foliage with pinkish-red flower clusters. Prune back slightly in June to promote bushier growth.
	'Rosy Glow'	○ ☞	0-12"	Red	Aug - Sep	Rich colored, rosy-red flowers on blue-green leaves.
	'Vera Jameson'	○ ☞	0-12"	Pink	Aug - Sep	Reddish-maroon foliage producing rosy-pink flowers.

kamtschaticum

	ellacombianum	○ ☞	0-12"	Yellow	Jun - Jul	Upright habit but still grows low. Succulent leaves with bright yellow flowers.
	kamtschaticum	○ ☞	0-12"	Orange	Jun - Jul	Orange-yellow flowers appear on nicely compacted foliage.
	'Variegata'	○ ☞	0-12"	Orange	Jun - Jul	Variegated white and green foliage with orange-yellow blooms.

lydium (Mossy Sedum)

	lydium	○ ☞	0-12"	White	Jun - Aug	Fleshy medium green red-tipped leaves that turn mostly reddish in the fall. Perfect for rockery or foot traffic areas.
--	--------	-----	-------	-------	-----------	--

pachyclados (Mossy Stonecrop)

NEW	pachyclados	○ ☞	0-12"	White	Jun - Jul	Small blue-green rosettes with insignificant flowers. Perfect for foot traffic.
------------	-------------	-----	-------	-------	-----------	---

reflexum

NEW	'Green Spruce'	○ ☞	0-12"	Yellow	Jul - Aug	Foliage is spiny like that of a spruce tree, but with light green foliage color. Easy to grow.
------------	----------------	-----	-------	--------	-----------	--

repestre

	'Angelina' PPAF	○ ☞	0-12"	Yellow	Jul - Aug	Spruce-like light yellow to chartreuse foliage. Hardy and low-growing.
--	-----------------	-----	-------	--------	-----------	--

requienii (Miniature Stonecrop)

	requienii	○ ☞	0-12"	Yellow	Jun - Aug	Spectacular thyme-like groundcover for any area, but especially nice for in between stepping stones or rockery. Tolerates foot traffic once established.
--	-----------	-----	-------	--------	-----------	--

sieboldii (October Daphne)

	sieboldii	○ ☞	12-24"	Pink	Aug - Sep	Excellent selection with powdery blue leaves thinly edged in maroon.
--	-----------	-----	--------	------	-----------	--

spectabile

	'Brilliant'	○ ☞	24-36"	Pink	Aug - Sep	Showy hot pink flower heads against lighter green foliage.
	'Neon'	○ ☞	24-36"	Pink	Aug - Sep	Alternative to S. 'Brilliant.' Flowers are a deeper rose-pink color, and longer lasting.
	'Pink Chablis' PPAF	○ ☞	12-24"	Pink	Aug - Sep	Leaves are sharply edged in white and broad. Foliage doesn't revert back to green as much as other variegated cultivars. Light pink flower heads.

spurium (Two-Row Sedum)

	'Dragon's Blood'	○ ☞	0-12"	Red	Jun - Aug	Very popular as a hardy and maintenance-free groundcover. Bronze-tinted foliage.
	'Fulda Glow'	○ ☞	0-12"	Red	Jun - Aug	Long-blooming with striking reddish-bronze foliage throughout the summer and fall.
	'Tricolor'	○ ☞	0-12"	Pink	Jun - Aug	Striking foliage with colors of cream, pink and green. Light pink flowers.

stefco (Stevanov Sedum)

NEW	stefco	○ ☞	0-12"	White	Jul - Sep	Contrasting green foliage and reddish stems. Mat-like habit and foliage is evergreen.
------------	--------	-----	-------	-------	-----------	---

SEMPERVIVUM (Hens and Chicks, Houseleek, Live-Forever)**tectorum**

	'Braunii'	○ ☞	0-12"	Pink	Jun - Jul	Foliage is a straight green with compact growth habits.
	'Cobweb' (arachnoideum)	○ ☞	0-12"	Pink	Jun - Jul	Silvery, web-like hairs cover the tops of the green foliage.
	'Pileoseum'	○ ☞	0-12"	Pink	Jun - Jul	Numerous large clusters that are grayish-green in color.
	'Purple Beauty'	○ ☞	0-12"	Pink	Jun - Jul	Plentiful clusters of reddish-purple succulent leaves.
	'Red Beauty'	○ ☞	0-12"	Pink	Jun - Jul	Showy, completely dark red to burgundy foliage.
	'Sanford Hybrids'	○ ☞	0-12"	Pink	Jun - Jul	Very deep red colored foliage with large rosettes.
	'Silverine'	○ ☞	0-12"	Pink	Jun - Jul	Bicolored variety with green leaves tinted with red.

☝ = tolerates shade

SHRUB ACER (Maple)

palatum / dissectum (Japanese Maple)

'Crimson Queen'	○ ☞ ▲	48"-Higher	-	A popular choice for a small accent tree, this Japanese Maple has lace-leaf type leaves and brilliant burgundy red color. Grows slowly, matures to about 8-10 feet.
-----------------	-------	------------	---	---

SHRUB DEUTZIA (Deutzia)

gracilis

'Nikko'	○	12-24"	White	Jun - Aug	Lower growing with white flowers and burgundy fall foliage.
---------	---	--------	-------	-----------	---

Hybrid

NEW 'Magician'	○	24-36"	Pink	Jun - Aug	Cupped lavender-pink and white flowers bloom in clusters on this easy to grow plant.
-----------------------	---	--------	------	-----------	--

SHRUB GINKGO (Maidenhair Tree)

biloba

NEW biloba	○ ☞	48"-Higher	-	Actually a tree, this plant can be used for bonsai purposes, and its leaves for drying. Slower growing.
-------------------	-----	------------	---	---

SHRUB HIBISCUS (Rose of Sharon)

syriacus

'Chiffon Lavender' PP12619	○ ☞	48"-Higher	Lavender	Jul - Sep	Award-winning variety with lavender flowers featuring a lacy center row of petals.
'Satin Blue' PP12680	○ ☞	48"-Higher	Blue	Jul - Sep	Rich royal-blue to violet-blue flowers. Can be pruned to stay 3-5', or pruned into a tree form.
'Satin Rose' PPAF	○ ☞	48"-Higher	Pink	Jul - Sep	Large ruffled rose-pink flowers centered with red.

SHRUB HYDRANGEA (Hydrangea)

macrophylla (Bigleaf Hydrangea) - Flower color will depend on soil pH. Generally, add dolomitic lime = higher pH = more pink; add aluminum sulfate = lower pH = more blue.

'Endless Summer' ('Bailmer')	○ ☞ ▲	36-48"	Mix	Jun - Aug	One of the newer varieties that will bloom on new growth, unlike most macrophylla types. Therefore, bloom time is extended. Pink flowers if in alkaline soil, blue flowers if acidic.
NEW 'Forever & Ever Double Pink'	○ ☞ ▲	24-36"	Pink	Jun - Aug	Pastel double pink flower balls blooming on new wood/growth. Might switch over to lavender-blue if in acidic soil.
NEW 'Forever & Ever Pink'	○ ☞ ▲	24-36"	Pink	Jun - Aug	Soft pink flower heads blooming on new wood/growth. Might switch over to lavender-blue if in acidic soil.
NEW 'Forever & Ever Red'	○ ☞ ▲	24-36"	Red	Jun - Aug	Reddish-pink heads blooming on new wood/growth allowing for extra bloom time. Might switch over to pink or lavender-blue if in acidic soil.

SHRUB SYRINGA (Lilac)

hyacinthiflora

'Evangeline'	○ ☞	48"-Higher	Purple	Apr - May	Lavender to purple flowers, obviously fragrant, with a slightly more compact habit. A good purple choice.
--------------	-----	------------	--------	-----------	---

meyeri (Dwarf Korean Lilac)

'Palibin'	○ ☞	36-48"	Pink	Apr - May	Lavender-pink flowers open from reddish buds. Grows to a tidy 3-5'.
-----------	-----	--------	------	-----------	---

patula (Manchurian Lilac)

NEW 'Miss Kim'	○ ☞	48"-Higher	Pink	Apr - May	Dense pink to purplish-lavender flowers with traditional Lilac foliage.
-----------------------	-----	------------	------	-----------	---

SHRUB WEIGELA (Weigela)

florida

NEW 'Java Red'	○ ☞ ▲	36-48"	Pink	May - Jul	Pink flowers accented nicely on top of green foliage tinted with coffee-bronze.
'Midnight Wine' PP12217	○ ☞ ▲	12-24"	Pink	May - Jul	A dwarf variety of W. 'Wine & Roses.' Deep burgundy-purple compact foliage with rose-pink flowers.
'Wine & Roses' PP10772	○ ☞ ▲	36-48"	Pink	May - Jul	Outstanding selection with deep purple to burgundy foliage and long lasting pink tubular flowers. Hardy and easy to grow.

SISYRINCHIUM (Blue-eyed Grass)

angustifolium

'Lucerne'	○ ☞	0-12"	Blue	May - Jul	Larger flowering than most Sisyrinchium, with star-shaped blue flowers and gold centers.
-----------	-----	-------	------	-----------	--

bermudianum

bermudianum	○ ☞	0-12"	Blue	May - Jul	Star-shaped flowers rise above iris-like foliage. Long-blooming.
-------------	-----	-------	------	-----------	--

STACHYS (Lamb's Ears, Woolly Betony)

byzantina

'Helene von Stein'	○ ☞	12-24"	Lavender	-	Larger leaves, heat tolerant, and very soft, woolly foliage. Mostly non-flowering.
'Silver Carpet'	○ ☞	12-24"	-	-	Non-flowering variety with some of the softest foliage in the plant world!

monnieri (Common Betony)

'Hummelo'	○ ☞	12-24"	Lavender	Jun - Aug	Rosetted clumps of glossy leaves. Rose to lavender spikes, quite long-blooming too.
-----------	-----	--------	----------	-----------	---

○ = tolerates sun

☞ = tolerates partial shade

▲ = tolerates shade

STOKESIA (Stokes' Aster)

Hybrid

'Purple Parasols' PP10660	○ ☞ ☀	12-24"	Purple	Jul - Aug	Flowers appear blue, then mature to a deeper purple later in season.
---------------------------	-------	--------	--------	-----------	--

laevis

'Honeysong Purple' PPAF	○ ☞ ☀	12-24"	Purple	Jul - Aug	Dark purple flowers with a nice compact habit.
'Peachie's Pick'	○ ☞ ☀	12-24"	Blue	Jul - Sep	Sturdier habit and better performance with blue to violet-blue flowers. Longer flowering than most, too.

TANACETUM (Painted Daisy)

coccineum

'Robinson Hybrids'	○ ☞	12-24"	Mix	Jun - Jul	Single flowers in mostly pink and fuchsia-red, but some white may appear. Great for any sunny area, perfect for those cottage gardens.
'Robinson Red'	○ ☞	12-24"	Pink	Jun - Jul	Large blossoms in a vivid bright crimson-pink.

vulgare (Tansy)

'Isla Gold'	○ ☞	36-48"	Yellow	Jun - Jul	Finely dissected leaves, gold in color, topped by bright yellow-gold flower heads.
-------------	-----	--------	--------	-----------	--

TEUCRIUM (Germander)

chamaedrys

'Summer Sunshine'	○ ☞	0-12"	Pink	Jul - Aug	Attractive for use as a small edging plant, groundcover, or herb. Foliage is chartreuse and yellow, with small pink flowers.
-------------------	-----	-------	------	-----------	--

THALICTRUM (Meadow Rue)

aquilegifolium

NEW aquilegifolium	○ ☞ ☀	48"-Higher	Pink	Jul - Aug	Soft light pink flower tufts. Attractive foliage. Great for shady areas needing height.
---------------------------	-------	------------	------	-----------	---

flavum (Yellow Meadow Rue)

NEW glaucum	○ ☞ ☀	48"-Higher	Yellow	Jul - Aug	Strong but delicate-looking blue-green foliage producing yellow sprays of small flowers.
--------------------	-------	------------	--------	-----------	--

rochebrunianum

'Lavender Mist'	○ ☞ ☀	48"-Higher	Lavender	Jul - Aug	Very attractive foliage growing to 5-6'. Keep moist if planted in full sun.
-----------------	-------	------------	----------	-----------	---

THYMUS (Thyme)

lanuginosus (Wooly Thyme)

lanuginosus	○ ☞	0-12"	Pink	May - Jun	Feathery-soft foliage is covered in wooly hair. Flowers are purplish-pink.
-------------	-----	-------	------	-----------	--

praecox (Mother-of-Thyme)

'Coccineum'	○ ☞	0-12"	Purple	May - Jul	Vibrant, reddish-purple flowers. Foliage is bronzy in fall. Tolerates foot traffic.
'Highland Cream'	○ ☞	0-12"	Pink	Jun - Jul	Gold and green foliage forms a dense mat. Fragrant foliage with pale pink flowers.
'Ruby Glow'	○ ☞	0-12"	Purple	May - Jul	Larger flowered with deep purple blooms. Fragrant as expected.

serpyllum

NEW 'Annie Hall'	○ ☞	0-12"	Pink	May - Jun	Super-low grower with pink to light pink blossoms. Extremely fragrant and somewhat more mildew-resistant than most varieties.
'Elfin'	○ ☞	0-12"	Pink	May - Jun	Extremely compact and slower growing, hence suitable for foot traffic, rockery, or walkways.

x citriodorus (Lemon Thyme)

citriodorus	○ ☞	0-12"		Jul - Aug	Strong lemon scent. Used for culinary and herbal purposes, or ornamental in any garden, stone path, or rockery.
-------------	-----	-------	--	-----------	---

TIARELLA (False Miterwort, Foam Flower)

Hybrid

'Iron Butterfly' PP12396	☞ ☀	0-12"	White	May - Jul	Deeply lobed leaves with distinct black strips along the centers. Lightly fragrant.
--------------------------	-----	-------	-------	-----------	---

wherryi

wherryi	☞ ☀	0-12"	White	May - Aug	Quite long-blooming with beautiful creamy pink blossoms.
---------	-----	-------	-------	-----------	--

TRADESCANTIA (Spiderwort, Widow's Tears)

x andersoniana / virginiana

'Bilberry Ice'	○ ☞ ☀	12-24"	Lavender	Jun - Sep	Three-petaled flowers with reddish-purple centers and lavender to white edges.
NEW 'Satin Doll' PP14824	○ ☞ ☀	0-12"	Pink	Jun - Aug	Glowing pink flowers, valued for its large flowers compared to its dwarf habit.
'Snowcap'	○ ☞ ☀	12-24"	White	Jun - Aug	Keep moist if in full sun. Pure white flowers close up somewhat during afternoon hours.
'Sweet Kate'	○ ☞ ☀	12-24"	Purple	Jun - Aug	Purple-blue flowers contrast nicely above chartreuse-green foliage.
'Zwanenberg Blue'	○ ☞ ☀	12-24"	Purple	Jun - Sep	Tough and hardy with great performance. Showy violet-purple flowers.

TRICYRTIS (Orchid Flower, Toad Lily)

formosana

'Gilt Edge'	○ ☞ ☀	12-24"	White	Jul - Sep	Large flowers of white, splattered with purple. Excellent habit and form.
-------------	-------	--------	-------	-----------	---

○ = tolerates sun

☞ = tolerates partial shade

☀ = tolerates shade

hirta

NEW	'Lightning Strike'	☞	12-24"	White	Aug - Sep	White and purple multi-colored blooms against striped golden-yellow and green variegated leaves.
	'Miyazaki Hybrids'	☞ ☀	12-24"	White	Aug - Sep	White blossoms blotched with purple on arching stems. Unique.
	'Tojen'	○ ☞ ☀	12-24"	Lavender	Aug - Sep	Lavender-purple blossoms which fade to white centers.

TRIFOLIUM (Clover)

repens

	'Purpurascens'	○ ☞ ☀	0-12"		Jun - Jul	Unique chocolate-purple foliage, edged in green. Consists of some "4-leafs."
NEW	'Red Feathers'	○ ☞ ☀	12-24"	Red	Jun - Jul	Spikes of silver arise and mature to red. Easy to grow, allow some room as it will spread.

TRILLIUM (Wake-Robin)

grandiflorum (Snowy Trillium)

	grandiflorum	☞ ☀	0-12"	White	Apr - May	A favorite native woodland plant with pure white flowers above soft green foliage.
--	--------------	-----	-------	-------	-----------	--

TROLLIUS (Globeflower)

chinensis

	'Golden Queen'	○ ☞ ☀	12-24"	Orange	Jun - Aug	Striking, showy golden-orange flowers. Loves and needs moisture.
--	----------------	-------	--------	--------	-----------	--

VERBASCUM (Mullein)

Hybrid

	'Caribbean Crush'	○ ☞	48"-Higher	Orange	Jul - Aug	Flower clusters are of an orange, apricot, and tangerine blend.
NEW	'Dark Eyes' PPAF	○ ☞	0-12"	Yellow	Jul - Aug	Creamy yellow to peach flowers with a dark red eye. A little more compact than most varieties.
	'Plum Smokey' PPAF	○ ☞	12-24"	Purple	Jul - Aug	Nice compact size with tight clusters of dusty purple.
	'Sugar Plum' PPAF	○ ☞	12-24"	Purple	Jul - Aug	Lavender to plum-purple flower spikes on this compact variety.
NEW	'Sunshine Spires' PPAF	○ ☞	12-24"	Yellow	Jul - Aug	Shades of yellow and gold flower spikes, with eyes of burgundy-plum.

phoeniceum

	'Jackie'	○ ☞	12-24"	Pink	Jul - Aug	Silvery-green foliage and pale pink flowers. Needs good drainage.
	'Jackie in Pink' PP15735	○ ☞	12-24"	Pink	Jun - Aug	Soft pink clusters. Long-blooming, especially if spent stalks are pruned out.
	'Southern Charm'	○ ☞	24-36"	Mix	Jun - Jul	Dark green, crinkled leaves produce a mix of pastel pink and salmon colors.
	'Summer Sorbet'	○ ☞	12-24"	Purple	Jun - Sep	Long-blooming raspberry-purple spikes. One of the more showy varieties.

VERBENA (Vervain)

bonariensis

	bonariensis	○ ☞	36-48"	Lavender	Jun - Aug	A prolific self-seeding variety with creamy purple flower heads. Long-blooming.
--	-------------	-----	--------	----------	-----------	---

VERONICA (Speedwell)

austrica

	'Crater Lake Blue'	○ ☞	12-24"	Blue	Jun - Jul	Beautiful spikes of gentian blue on lower growing foliage.
--	--------------------	-----	--------	------	-----------	--

incana

	'Giles van Hees'	○ ☞	0-12"	Pink	Jun - Aug	Very compact with hot-pink spikes. Good bloom time and always a sell-out.
--	------------------	-----	-------	------	-----------	---

longifolia

	'Eveline' PP14888	○ ☞	12-24"	Purple	Jun - Aug	Slender flowers in deep purple. Long-blooming.
	'Waterperry Blue'	○ ☞	0-12"	Blue	Jun - Aug	Large, sky-blue flowers on creeping foliage.

prostrata

	'Aztec Gold' PP13354	○ ☞	0-12"	Blue	Jun - Jul	Blue flowers against a mat of yellow foliage.
	'Heavenly Blue'	○ ☞	0-12"	Blue	Jun - Aug	Ground hugging, prostrate grower. Bright blue flowers.

repens

	'Sunshine'	○ ☞	0-12"	Blue	Jun - Jul	Low-growing and mat forming, with golden foliage and tiny blue spikes.
--	------------	-----	-------	------	-----------	--

spicata

	'Red Fox'	○ ☞	12-24"	Red	Jun - Aug	Brilliant, hot-pinkish-red spikes. Long-blooming.
	'Royal Candles' PPAF	○ ☞	12-24"	Blue	Jun - Aug	Very nice variety with violet-blue flowers. Somewhat improved over V. 'Sunny Border Blue.'
NEW	'Ulster Dwarf Blue'	○ ☞	0-12"	Blue	Jun - Aug	Newer dwarf selection with compact and non-invasive spreading habit. Blue to violet flower spikes.

VINCA (Myrtle, Periwinkle)

minor

	'Illumination' PPAF	○ ☞ ☀	0-12"	Blue	Apr - Jun	Striking variegated foliage with gold centers and dark green borders.
	minor	○ ☞ ☀	0-12"	Blue	Apr - Jun	Very tough variety and very popular. Plant it and let it go. Keep moist if in sun.
	'Ralph Shugert'	○ ☞ ☀	0-12"	Blue	Apr - Jun	Thin edge of white surround green ovate leaves. Deep lilac-blue flowers.

○ = tolerates sun

☞ = tolerates partial shade

☀ = tolerates shade

VIOLA (Hardy Violet)

cornuta

'Black Magic'	○ ☞ ☀	0-12"	Purple	Apr - Jun	Unique flowers are so dark purple in color, they appear black. Good performer, keep moist if in full sunlight.
'Etain'	○ ☞ ☀	0-12"	Yellow	Apr - Jun	Very large pale lemon-yellow flowers with contrasting lavender edges.
'Painted Porcelain'	○ ☞ ☀	0-12"	White	May - Aug	White flowers graced with lavender-purple upper markings.
'Purple Showers'	○ ☞ ☀	0-12"	Purple	May - Sep	Extremely long-blooming with large royal purple flowers.
'Rebecca'	○ ☞ ☀	0-12"	White	Apr - Jun	Pure white ruffled flowers edged in deep violet.

labradorica

labradorica	○ ☞ ☀	0-12"	Lavender	Apr - Jun	Dark green foliage with hints of purple and bronze. Small lavender and white flowers.
--------------------	-------	-------	----------	-----------	---

VITIS (Ornamental Grape)

vinifera

'Purpurea'	○ ☞ ☀	Climber	White	May - May	Large deeply-lobed reddish-purple leaves. Great for a fast-growing vine that looks good all season.
------------	-------	---------	-------	-----------	---

WISTERIA

sinensis (Chinese Wisteria)

sinensis	○ ☞	Climber	Blue	May - Jun	Tremendous floral show in spring, with pea-like blossoms in blue-violet.
-----------------	-----	---------	------	-----------	--

YUCCA (Adam's Needle, Needle Palm)

filamentosa

'Color Guard'	○ ☞	36-48"	White	Jul - Aug	Creamy white clusters atop striking variegated foliage.
filamentosa	○ ☞	36-48"	White	Jul - Aug	Lends a southwest appearance to any garden. Great for hard-to-grow areas. In fact, it is extremely difficult to kill.

ZINGIBER (Japanese Ginger)

mioga

NEW 'Dancing Crane'	☞ ☀	24-36"	Yellow	Jun - Jul	Tropical-looking and perfect for any shade garden. Prefers moisture. Insignificant flowers.
